Note: The County's publication of this document is provided as a service to the residents of DuPage County. Inclusion is not intended as an endorsement of any of these companies, nor has the County purposely excluded any additional parties that may provide waste reduction or recycling services.

While the County has tried to obtain the most current information available, the contents of this Recycling Guide are subject to change and you should call first.

The DuPage County Recycling Guide is a non-copyrighted publication. Anyone is welcome to copy and distribute it.

Welcome,

Thanks to our residents and businesses, DuPage County continues to exceed state goals for recycling. With vast amounts of waste being generated, residents and businesses are doing their part to divert tons of material from the waste stream through recycling.

This resource guide lists a variety of options and programs available to help residents manage hazardous and other types of solid waste in an environmentally safe manner.

Most sincerely,
Robert J. Schillerstrom
Chairman, DuPage County Board

Appliances

Stoves and refrigerators are bulky and some contain CFC gases, capacitors, and other components that are hazardous to the environment. Therefore, proper disposal is critical. **Contact your waste hauler to see how large appliance pickup is handled.** When left at the curb, the door should be removed. In addition, large appliances are accepted at the businesses listed below.

Residents located within a municipality should check with their waste hauler for disposal. These items can be picked up at the curb in most municipalities.

The Crusher

651 W. Washington St.

West Chicago, IL

(630) 231-6888

Drop off large appliances such as stoves, water heaters, washers, dryers. No refrigerators or freezers accepted.

Saturdays and Sundays except holidays 9 a.m. – 2 p.m.

Businesses, institutions, governments, non-profits and other non-household entities may **NOT** drop off waste at this facility. Household hazardous waste includes only materials purchased for cleaning or maintaining a home.

Accepts: Oil-based paint, stain, varnish, solvents, automotive fluids, aerosol cans, household cleaners, mercury, poisons, pesticides, insecticides, flammables, household batteries, sealed fluorescent light bulbs and tubes, hobby chemicals, expired and unused prescription medications.

Not Accepted: Latex paint, smoke detectors, fire extinguishers, electronics, propane tanks, compressed gas cylinders and ammunition. Any waste from a business, school, government or non-profit.

The facility is located approximately 1 mile south of I-88 toll way off of IL RT 59. Turn east onto Brookdale Rd. from IL RT 59.

Junk Mail

Visit the website below for information on stopping junk mail delivery to your home.
<http://www.catalogchoice.org/>

Latex Paint

The Illinois Environmental Protection Agency has determined that latex paint is not toxic and therefore, latex paint is no longer accepted at household hazardous waste collection events or the regional household hazardous waste disposal facility. The DuPage County Latex Paint Program has ended and is no longer taking place.

Things you can do with extra latex paint:

- **Keep painting!** Continue painting the wall until the paint is used up.
- **Paint something!** A piece of cardboard can be painted until the paint is gone.
- **Store it for later.** You can wrap the opening with plastic wrap and replace and secure the lid. Store the paint upside down. This provides a tighter seal. Prevent from freezing.
- **Dry it!** You can use an absorbent like kitty litter, sawdust, shredded paper or anything else that will absorb moisture. Once dried, the can be disposed with regular garbage service. Leave the lid off so the driver can see that the can is dry. Waste haulers will not accept liquid paint. It can leak in the truck, onto the street or driveway or at the waste transfer station.

Commercial additives to dry the paint are available in most hardware stores. Check in the paint department.

Medications/Medicines

Stericycle

1-800-355-8773

Stericycle operates a mail back program. Information can be obtained by calling or by visiting their website at www.stericycle.com/sharps.
