

**Staff Responses to Council Questions**  
**May 7, 2013**

**6. Consent Agenda C. Motion: Award a Contract for \$24,992 to Civiltech Engineering, Inc., Itasca, IL, for a Traffic Study at Maple Avenue and Fairview Avenue**

*How will the results of the traffic study be reported to the public and Council?*

The results of the traffic study will be publicly presented at a Transportation and Parking Commission meeting where the public and area businesses will be invited to hear a presentation of the recommendations and have an opportunity to provide input and comments. The results of the traffic study, public comments and input from Transportation and Parking Commission members will be considered in the design of the Maple Avenue reconstruction.
