

Staff Responses to Council Questions

November 4, 2014

9. FIRST READING AGENDA

D. Ordinance: Amend the Liquor Control Ordinance

Please provide additional information about the Liquor Commission's discussion of minors in brew pubs.

Originally, the ordinance presented to the Liquor Commission was drafted to prohibit those under 21 years of age from entering the facility. After discussion and input from the petitioner, the Liquor Commission recommended that the ordinance be amended to allow patrons under 21 in the premises and to participate in facility tours, classes and seminars.

After consultation with the Liquor Commissioner, staff is recommending that the ordinance include a restriction excluding those under 21 years of age from participating in seminars and classes but allowing them to enter the facility when accompanied by an adult and to participate in the tours. There was concern about allowing patrons under 21 years of age to participate in classes and seminars regarding the production of a product that they are not legally allowed to consume. The ordinance presented to the Village Council for adoption is staff's recommendation.

Email from Resident Regarding Exemption from Stormwater Utility

rRemarks Data for November 4, 2014 Village Council Meeting

Agenda Section	Agenda Item	Comment	Commenter
Active Agenda	A. Ordinance: Exempt Certain Property from Stormwater Utility Fees	Regarding Storm Water Utility/Tax Issue on the active agenda, I believe that it should be tabled and presented at a workshop with considerable notice to the residents of Downers Grove other than the churches. There are other tax-exempt properties in the Village and the lack of revenue will have an impact on addressing the storm water issue facing the entire village and tax exempt properties religious and otherwise have large parking lots, etc. It is election night. Dear Mr. Fieldman,

Today I noticed at item on the posted agenda for the Nov.4 Village Council meeting - it was ORD 00-5766 (if i recall properly the numbering) labeled "Exempt Certain Properties from Stormwater Utility Fees".

I believe it is to be a first reading.

I would like the property owned by my wife and me (1846 Grant Street in DG) to be part of such a list of properties deemed exempt.

Our property is a pure acceptor (not "*net* acceptor") of stormwater runoff from many driveways - and the paved public streets as well - on Cornell and Grant Streets to the south and west of 1846.

Best regards,
Kent Conness
