SYNOPSIS
A Historic Landmark Designation Resolution has been prepared to designate the house at 4632 Main Street a historic landmark.

STRATEGIC PLAN ALIGNMENT
The goals for 2017-2019 include Steward of Financial and Environmental Sustainability.

FISCAL IMPACT
N/A

UPDATE & RECOMMENDATION
This item was discussed at the December 5, 2017 Village Council meeting. Staff recommends approval on the December 12, 2017 active agenda.

BACKGROUND
The petitioners are seeking a Historic Landmark Designation for their property at 4632 Main Street under criteria 12.302.B.3 of the Historic Preservation Ordinance: representation of distinguishing characteristics of an architectural style. The one-story Craftsman Bungalow house was constructed around 1922.

Existing House
The Bungalow architectural style was a dominant building form in Downers Grove commonly built from 1890 to 1930. They can also feature different architectural styles. For example, the Craftsman Bungalow may have wood clapboard siding and exposed roof rafters; Prairie style Bungalows may have wide eaves and stucco cladding; and the Chicago Bungalow is entirely constructed in brick. They typically are one-and-one-half stories in height, have a gently pitched gable or hip roof, and have full or partial front porches. There are many Craftsman Style homes in Downers Grove, particularly in the E.H. Prince Subdivision.

The circa 1922 home is a one-story Craftsman Bungalow and includes a low-pitched, cross gabled roof with wide eaves. The home has under-gable brackets, exposed roof rafters, and a porch (that has been enclosed) with battered brick columns that extend to the ground. Other original features include wood casement windows, wood storm windows, and wood clapboard siding.
Also of note, the home is the first kit or mail-order home featured in a landmark nomination. The home is Model No. N-1033 by the Harris Brothers Co. of Chicago. Harris homes were particularly popular in the 1910’s and 1920’s. *A Plan Book of Harris Homes: Harris Home Beautiful* reveals their mantra: “moderate-priced homes at prices so reasonable, that a home is easily within your reach even though your means be limited.”

**Analysis of Significance**
The proposal complies with the following criteria for Landmark Designation: Section 12.302.A and 12.302.B.3. The house was constructed around 1922 and is thus over 50 years of age as required by Section 12.302.A. The property must also meet at least one of the criteria in Section 12.302.B, and meets criteria 12.302.B.3 as it is an excellent example of the Craftsman (Arts and Crafts) Bungalow architectural style for the above stated reasons. In the 2013 Village Architectural and Historical Survey, the home was listed as “significant” for being an excellent example of the Craftsman Bungalow style.

**Public Comment**
Four members of the public spoke in support of the petition at the November 15, 2017 Architectural Design Review Board meeting.

NATURE OF ACTION:

__ Ordinance
X Resolution
__ Motion
__ Other

STEPS NEEDED TO IMPLEMENT ACTION:

Motion to Adopt "A RESOLUTION GRANTING HISTORIC LANDMARK DESIGNATION FOR 4632 MAIN STREET", as presented.

SUMMARY OF ITEM:

Adoption of the attached resolution shall grant historic landmark designation for 4632 Main Street.

RECORD OF ACTION TAKEN:

________________________

________________________

________________________
RESOLUTION NO. _____

A RESOLUTION GRANTING HISTORIC LANDMARK DESIGNATION FOR 4632 MAIN STREET

WHEREAS, the Village of Downers Grove has adopted an Ordinance entitled the "Historic Preservation Ordinance"; and

WHEREAS, Section 12-301 of the Municipal Code sets forth landmark designation procedures for areas, properties, buildings, structures, objects and sites; and

WHEREAS, Brian and Karen Beechler ("Applicant") are the owners of a structure on the property legally described as follows:

LOT 9 IN BLOCK 19 IN E.H. PRINCE AND COMPANY’S ADDITION TO DOWNERS GROVE, BEING A SUBDIVISION IN SECTION 5, 6, 7 AND 8 IN TOWNSHIP 38 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED SEPTEMBER 30, 1890 AS DOCUMENT NO. 43600 IN DUPAGE COUNTY, ILLINOIS.

Commonly known as: 4632 Main Street, Downers Grove, IL  60515  (PIN 09-05-322-021)

WHEREAS, a Craftsman Bungalow (circa 1922) structure is on the property; and

WHEREAS, on November 15, 2017, the Architectural Design Review Board conducted a public hearing in connection with the aforesaid application, after notice of said hearing was duly given; and

WHEREAS, the Board rendered its decision on the aforesaid application, recommending that the property located at 4632 Main Street, Downers Grove, Illinois, be granted Historic Landmark Designation; and

WHEREAS, certain applicable requirements of Section 12-302, Landmark Designation Criteria, of the Historic Preservation Ordinance relating to the granting of Historic Landmark Designation have been met.

NOW, THEREFORE, BE IT RESOLVED by the Village Council of the Village of Downers Grove, DuPage County, Illinois, as follows:

Section 1. That the recitals contained in the Preamble hereto are incorporated as part of this Resolution.

Section 2. That the structure located on the property located at 4632 Main Street is hereby granted Historic Landmark Designation.

Section 3. That the Village Clerk is hereby directed to file a certified copy of this Resolution in the Office of the DuPage County Recorder of Deeds and is further directed to transmit a copy of this Resolution to Downers Grove Historical Society and the Applicant.

Section 4. That all resolutions or parts of resolutions in conflict with the provisions of this Resolution are hereby repealed.
Section 5. That this Resolution shall be in full force and effect from and after its passage as provided by law.

1. Application/Petition for Public Hearing
2. Project Summary
3. Plat of Survey
4. 1927 Sanborn Map
5. Owner Consent Form
6. Certificate of Acknowledgement Form
7. Historic Landmark Information Form
8. Photographs

PROJECT DESCRIPTION
The petitioners are seeking a Historic Landmark Designation for their property at 4632 Main Street under criteria 12.302.B.3 of the Historic Preservation Ordinance: representation of distinguishing characteristics.
of an architectural style. The Craftsman Bungalow was constructed circa 1922.

The Bungalow architectural style was one of the dominant building forms in Downers Grove commonly built from 1890 to 1930. The architectural term refers to low houses with a porch derived from the Hindi word meaning “bangle” for a low thatched house. They typically are one to one-and-one-half stories in height, have a gently pitched gable or hip roof, and have full or partial front porches.

They can also feature different architectural styles. The Craftsman Style (derived from the Arts and Crafts Movement of the late 19th century) valued hand craftsmanship, natural materials and simplicity in design/detailing. The use of stone and brick typically had rough cuts and uneven application to look more rustic. Porches were often supported by rustic brick or stone piers. Roofs are low-sloped hipped or gabled roofs with deep overhangs supported by wood brackets and knee-braces. Wood clapboard siding and double hung or casement type windows were also present. There are many Craftsman homes throughout Downers Grove, particularly in the E.H. Prince Subdivision, and they were promoted as an affordable, middleclass style house.

The property at 4632 Main Street is a one story Craftsman Bungalow and includes a low-pitched, cross gabled roof with wide eaves. The home has under-gable brackets, exposed roof rafters, and a porch (that has been enclosed) with battered brick columns that extend to the ground. Other original features include wood casement windows, wood storm windows, and wood clapboard siding.

The applicant also notes that it is a kit home manufactured by Harris Brothers Co. of Chicago. This particular home is Model No. N-1033 and was advertised as having “all the charms of a full-fledged California bungalow with its gables, exposed rafters, brackets, flower boxes, and craftsmanlike exterior.” Harris homes were particularly popular in the 1910’s and 1920’s and the ‘Harris Way’ gave it mass appeal.  A Plan Book of Harris Homes: Harris Home Beautiful reveals their mantra: “moderate-priced homes at prices so reasonable, that a home is easily within your reach even though your means be limited.”

A small, rear addition was added to the house which incorporates a low-sloped gabled roof and siding of similar appearance to the original. Staff finds this addition does not impact the historical integrity of the street façade. Furthermore, the Village’s 2013 Architectural and Historical Survey states the house is in excellent condition and is a significant example of a Craftsman Bungalow.

**COMPLIANCE WITH HISTORIC PRESERVATION ORDINANCE**

The petitioner has outlined the request in the attached narrative letter and photographs. The petitioner will further address the proposal and justification to support the requested landmark designation at the public hearing.

Landmark designations require evaluation based on Section 12.302 of the Historic Preservation Ordinance, Landmark Designation Criteria. Staff finds the request complies with Section 12.302A and Section 12.302.B, as described below.

**Section 12.302.A.**

The proposed landmark is either over fifty (50) years old; in whole or in part or is under fifty (50) years of age and possesses exceptional importance such as might be recognized immediately for its reflection of an extraordinary political event or architectural innovation; and

The house was constructed around 1922. This standard is met.

**Section 12.302.B**

That one or more of the following conditions exist:
1. The property has significant value as part of the historic, heritage or cultural characteristics of the community, county, State or Nation;
   This criteria does not apply.

2. The property was owned by a person or persons of historic significance to the community, county, State or Nation;
   This criteria does not apply.

3. The property represents the distinguishing characteristics of an architectural period, style, type, method of construction or use of indigenous materials;
   Staff finds the property represents the distinguishing characteristics of a Craftsman Bungalow. This one-story building features a low-pitched, cross gabled roof with wide eaves, exposed roof rafters, decorative brackets, wood clapboard siding, casement and storm windows, and rustic brick piers. The Village’s 2013 Architectural and Historical Survey identifies the home as a “significant” example of its architectural style. This criteria is met.

4. The property represents notable work of a master builder, designer, architect or artist whose individual work has influenced the development of the community, county, State or Nation;
   This criteria does not apply.

5. An area that has yielded or may be likely to yield, information important in history or prehistory.
   This criteria does not apply.

6. A source of civic pride or identity for the community.
   This criteria does not apply.

7. The property is included in the National Register of Historic Places.
   This criteria does not apply.

NEIGHBORHOOD COMMENT
   Staff has not received any neighborhood comments regarding the proposal at this time.

RECOMMENDATIONS

Staff finds the petition complies with the criteria in Section 12.302 for Landmark Designation. Based on the findings above, staff recommends the Architectural Design Review Board make a positive recommendation to the Village Council for landmark status of 4632 Main Street.

Staff Report Approved By:

Director of Community Development
Historic Landmark
Project Summary/Narrative Letter
4632 Main Street

Owners: Brian & Karen Beecher

We respectfully request that the house located at 4632 Main Street be designated a Downers Grove Historic Landmark.

After researching the property tax records and looking at City Directories we believe the house was built circa 1922 and was first owned by Alex C. Cameron. In addition to the property tax records, we have also obtained the 1927 Sanborn map which shows the house and the surrounding houses that existed at that time.

The house represents the distinguishing characteristics of a Craftsman Bungalow and was listed as “significant” in the Village’s 2013 Historic Building Survey. The Craftsman style (also referred to as Arts and Crafts) was a movement that originated in California in the 1890s and was a reaction against the excessive ornamentation of the Victorian era. Typical characteristics of the Craftsman style include a low-pitched gabled roof with wide eaves, exposed roof rafters, decorative brackets under the gable, front porches with roofs supported by tapered (battered) square columns, and columns that extend to ground level without a break at the height of porch floor level. The term “bungalow” is derived from the Hindi word “bangle” meaning a low house with a porch. Bungalows were built throughout the United States from 1890 to 1930 and are one of the dominant building forms found in Downers Grove. A bungalow can be defined as a one to one-and-a-half story house with a low-pitched gable or hip roof and wide eaves. 4632 Main Street is a one-story Craftsman Bungalow and includes a low-pitched cross-gabled roof with wide eaves, brackets under the gable, exposed roof rafters, and battered brick columns that extend to the ground without a break at the porch floor.

In addition to being an excellent example of a Craftsman Bungalow, 4632 Main Street is also a kit (or mail order) home manufactured by Harris Brothers Co. of Chicago. Harris Brothers Co. first started selling kit homes in 1907 and by 1918 had established “The Harris Way”; which highlighted the company’s distinguishing characteristics such as liberal terms for payment and money back for waste. Harris Brothers was one of several companies who sold kit homes, however they were unique in that they were initially in the business of wrecking and salvage as opposed to milling and manufacturing. The company was originally known as Chicago House Wrecking Company and has the interesting distinction of being responsible for the disassembly of the first Ferris Wheel, which had been constructed as part of the 1893 World’s Columbian Exposition. The plan for 4632 Main Street was known as Harris Home Model No. N-1033 and could be found in The Plan Book of Harris Homes (Harris Homes Beautiful) Book Number Seventy-Seven (1923). The beginning pages of this catalog provide some background on Harris Brothers Co. and how they marketed themselves at the time (see attached pages for reference).

Many of the original architectural features of the home are still present; including brackets under the gable, exposed roof rafters, battered brick columns that extend to the ground without a break at the porch floor, casement windows and storms, and wood clapboard siding. The front porch has been
enclosed and a master suite addition off the southwest corner of the house was recently completed. This addition does not impact the historic integrity of the street facade of the house because it is located out the back. Additionally, it incorporates a low-sloped gable roof and siding of similar appearance to the original.

4632 Main Street is an excellent example of a Craftsman Bungalow with many of its original features still intact. Adding it to the list of local Historic Landmarks will ensure that it is preserved in the future.
Landmark Designation Criteria

Section 12.302.A
The proposed landmark is either over fifty (50) years old, in whole or in part or is under fifty (50) years of age and possesses exceptional importance such as might be recognized immediately for its reflection of an extraordinary political event or architectural innovation.

The proposed landmark is 95 years old and meets the criteria.

Section 12.302.B
1. The property has significant value as part of the historic, heritage or cultural characteristics of the community, county, State or Nation;

This criteria does not apply.

2. The property was owned by a person or persons of historic significance to the community, county, State or Nation;

This criteria does not apply.

3. The property represents the distinguishing characteristics of an architectural period, style, type, method of construction or use of indigenous materials;

   The property has most of the distinguishing characteristics of a Craftsman Bungalow. Some of these characteristics include:
   - One-story
   - Low-pitched gable roof
   - Wide eaves
   - Front porch
   - Exposed roof rafters
   - Brackets under the gable
   - Battered brick columns that extend to the ground without a break at the level of the porch floor

   Additionally, the home was a kit home manufactured by Harris Brothers Co. of Chicago. Kit homes were very popular in the United States during the 1910s and 1920s.

4. The property represents notable work of a master builder, designer, architect or artist whose individual work has influenced the development of the community, county, State or Nation;

This criteria does not apply.

5. An area that has yielded or may be likely to yield, information important in history or prehistory.

This criteria does not apply.
6. A source of civic pride or identity for the community.

This criteria does not apply.

7. The property is included in the National Register of Historic Places.

This criteria does not apply.
Historic Landmark Information Form

Property Address  4632 Main Street, Downers Grove, IL 60515
Date of Construction  Approximately 1922
Architectural Style  Bungalow
Architect (If known)
Number of Stories  1  Basement (Y/N)  Y
Foundation Materials (Concrete, Concrete Block, Wood, Stone, Brick, N/A)
Concrete Block

Circa 1920's Original Post Card
To Every Wise Man and Woman Comes the Natural Desire to Own a Home

HIS Company realizing the needs and demands of the public, from many years of experience, presents herewith a handsome book of carefully selected plans for moderate-priced homes at prices so reasonable, that a home is easily within your reach even though your means be limited.

The character of these homes, and the quality of the material we supply is such as to at once convince you of the desirability of purchasing from this Company.

HARRIS BROTHERS COMPANY

35TH AND IRON STREETS  CHICAGO
THE HARRIS WAY

What It Means to You

HERE are ways and ways to build a home—you may "Let the other fellow do it," and pay. You may go about it in a tedious and piece-meal manner, about as follows: First, you hunt an Architect, then the Contractor, then the Builder, then the lumberyard and mill work factory, then other supply houses—and after many protests and concessions on price and quality, in about 90 or 90 days, you may be ready to proceed with your building, and after you are through with it all—then perhaps a lawyer to clean up the mess.

"The Harris Way" means just the opposite. You can order everything right from your little desk or writing table—it is but a matter of a few postage stamps and the swift U. S. Mail. Everything is in writing, therefore dependable, instead of verbal promises, such as may be made you by eight or ten different local dealers supplying material.

"The Harris Way" means to get the best of more than twenty years of study and experimenting in building material values of all kinds. The men, whose genius has developed this wonderful house building plan, have accomplished all that you could wish for. Building a home today—a modern house that will be both good to look at and pleasant to live in, is no longer a tedious, expensive, mysterious undertaking when "The Harris Way" guides you to its completion. "The Harris Way" means to build in a sensible, sound and economical manner. "The Harris Way" means highest quality of material for the price; correct grades, improved and approved methods of construction; complete elimination of waste and the passing to you, yourself, all the complete facts and figures—enabling you to be master of every situation—and the building of a home becomes at once a simple matter.

Distinguishing Details of The Harris Way Plan

Liberal Terms The HARRIS WAY means absolute protection to you because you need not pay one cent until every representation made has been proved to your satisfaction. Read carefully the liberal Terms of Payment as fully outlined in following pages of this book. You will then clearly understand that the many advantages of "The Harris Way" begin right here and continue to help you at every step to the end.

Know Where You’re At "The Harris Way" means a tremendous saving in time, worry and preliminary expenditures because we furnish the Blue-Print plans as clearly explained in our Free Plan Offer before you buy—not after. That’s the only way to learn the true facts and clearly see how thoroughly every detail is covered by us. The risk is all ours.

Money Back For Waste "The Harris Way" means an entire elimination of waste. To accomplish this important feature, it is necessary that our designs be planned and figured carefully and correctly by experts. We gladly refund the purchase price on any waste material.

Guaranteed Improved Ready Cut "The Harris Way" means a much lower first cost, means better material furnished Ready Cut in a manner that enables you to get a perfect job with tight and close-fitting joints. You won’t have to apologize at every turn for poor material and ill-fitting joints, or for any other reason. This we guarantee.

Saves Time and Trouble "The Harris Way" is the common-sense way that you can easily understand—no magic. Everything carefully thought out for you. The result is a quick, easily erected building which is completed in record time.

Come and Visit Our Plant "The Harris Way" means that our latch string is always out to you. We have nothing bad to hide and lots of good things to show. Our tremendous success has been built up by our open and above board policy.

HARRIS BROTHERS COMPANY, 35th and Iron Streets, CHICAGO, ILL.
Harris Brothers Company
CAPITAL STOCK, $10,000,000
INCORPORATED 1891

Certificate of Unconditional Guaranty

The Guarantee absolutely and without reserve, that we will
furnish for each and every order for any de-
sign shown in this book, at the price quoted, sufficient material to build
some in a good substantial and workmanlike manner, strictly according
to the Blue Print Plans, Specifications and Material List furnished.

The Guarantee and agree that in the event of there not being
sufficient material, to reimburse our customer
for any purchase he may make on account of shortage or error—we to
be notified of such shortage or error, however, and to have the
first to furnish the missing material ourselves, or authorize our customer to
purchase it at our expense.

The Guarantee to furnish with each order for any of our de-
signs, full directions in the form of an item-
ized list of material, showing just exactly the number of pieces, feet,
size, grade, style, finish, etc., of the material furnished, designating the
purpose for and the place in which it is to be used.

The Guarantee to furnish with each shipment an itemized in-
iove, showing just what is in the shioce, showing just what is in the invoice.
so that our customer may check the material received against our in-
voice. If anything is short, notify us at once. After this has been
done and the amount received is found not sufficient to complete the
job, then, if the error is ours, we will hold ourselves responsible.

HARRIS BROTHERS COMPANY

President

Liberal Terms for You—No Cash in Advance

We do not ask you to pay us cash in advance in any instance.

In all fairness, you cannot however, expect us to ship you, perhaps a stranger,
a valuable carload of material without some evidence of good faith on your part.
We have, therefore, printed our terms of shipment in plain, easily understood
language, giving you four different methods by which you can order.

Whether or not you send cash with your order, you are protected in every way
by our guarantee. The advantages of sending cash in full with order are the earning
of the cash discount and the saving of delays and annoyances in getting possession
of the material at your end of the line. Our cash discount is allowed only when full
remittance is sent when you order. The printed prices of Harris Homes are free on
board cars Chicago. Freight paid prices quickly quoted by return mail. Take your
choice of the following terms, mentioning the number when you order.

Terms A No cash with order. We
will ship you material
without any cash payment, whatever.
Payment must, however, be covered by
special terms guarantee blank (blank sent
on application) which gives you 5 days
time to inspect and unload before paying.

Terms B Ten to 25 per cent cash
with order (depending
upon distance to be shipped and amount),
balance to be paid straight C. O. D.

Terms C Two per cent special
discount. A special dis-
count of 2 per cent will be allowed only
when full remittance is sent with order.

Terms D Pay as your building
goes up. If you are
arranging with a Building Association,
Banking House or Trust Company to
supply you funds to complete your build-
ing, we will accept payment in the follow-
ing manner: one-third with order; one-
third in sixty days from date of order; balance ninety days from date of order.
Satisfactory guarantee of payment to be furnished by customer.

HARRIS BROTHERS COMPANY, 35th and Iron Streets, CHICAGO, ILL.
Harris Home No. N-1033

The Size
20 ft. x 34 ft. 4 in.

5 Rooms
and Bath

THIS building may just suit your lot! Good taste is displayed everywhere in this well balanced design. The exterior has all the charms of a full fledged California bungalow with its gables, exposed rafters, brackets, flower boxes and craftsmanlike exterior.

In selecting a home most people want something a little different than their neighbors, something that, in a measure at least, gives expression to their conception of harmony and beauty.

Here are five large rooms; space for breakfast alcove, pantry, bath and good sized closets. The Blue Print Plans must be seen to be appreciated—order them today. This house can be reversed without extra charge.

HARRIS BROTHERS COMPANY, 35th and Iron Streets, CHICAGO, ILLINOIS
FILE 17-ADR-0010: A petition seeking an Historic Landmark Designation for the property commonly known as 4632 Main Street, Downers Grove, IL (PIN 09-05-322-021). The property is located on the west side of Main Street, approximately 150 feet north of Chicago Avenue. Brian and Karen Beechler, Petitioner and Owner.

Ms. Rebecca Leitschuh, Senior Planner for the Village of Downers Grove presented Staff’s report for the property located at 4632 Main Street. She displayed a photograph of the subject property stating the petitioners are seeking an Historic Landmark Designation under criteria 12.302.B.3 of the Village's Historic Preservation Ordinance representing distinguishing characteristics of an architectural style, which in this case is the Craftsman Bungalow. The applicant believes that the home was constructed circa 1922. She also showed a map of the home dated 1927 to further verify that the home was constructed prior to that date.

Ms. Leitschuh said the home is described as a significant example of the Craftsman Bungalow and includes a low-pitched, cross-gabled roof with wide eaves, exposed rafters, columned porches and decorative brackets below the brace. She also showed an original photographic postcard from the first owners dated from the 1920s. The only notable exterior change was made to the rear of the building and does not detract from the building’s historic integrity. The brick columns on the porch extend all the way to the ground. The original casement and storm windows are still on the structure and were crafted to compliment the original design of the building.

In addition to the architectural style, the home is a Harris Home, which was a kit-home or mail order home manufactured by Harris Brothers Co. of Chicago, Model No. N-1033. The company was responsible for the disassembly of the first Ferris wheel in the Columbia Exposition in Chicago. They stopped selling homes in 1933.

Ms. Leitschuh said Staff finds that this meets all of the criteria of the Village's Ordinance. She thanked the petitioner for the quality of materials provided by the applicant to support their request.

Mr. Brian Beechler, owner and petitioner of the home, thanked everyone for the help they provided to the Beechlers in submitting this application to the Village. He does not want to see the house destroyed and is pleased to have the opportunity to request landmarking the property. He has learned a lot through this journey of researching his home and appreciates the work that went into its construction.

Mr. Lerner said he appreciated this application coming forward. He noted the original storm windows that probably require being taken in every spring. Those windows preserve the original feeling of the house.

Mr. Beechler said there is a detached garage in the rear of the property.
Ms. Charlotte Holtzen of 5226 Carpenter Street said the detached garage was not part of the application; however, since there is an amendment process they will do additional research to determine whether it was part of the kit.

The Board asked how they learned this house was a Harris kit house. Ms. Holtzen replied that she spoke with someone from the Sears kit group who identified the house as a Harris home. They learned that the Harris homes started before the Sears homes.

Mr. Rich Kulovany of 6825 Camden said this is a wonderful home that they canvassed some time ago. He was pleased to have the homeowner come back and request landmarking status. He referred to the photograph of the home and compared it to the postcard from the 1920s, noting that there is very little change from the 1920s.

Ms. Amy Gassen of 5220 Benton Avenue said she spoke with Mr. Beechler over a year ago, and it is exciting to see this come before the Board. She reiterated that they initially thought this was a Sears Home, but to find out it was a Harris Brothers home was amazing. She is happy that they are landmarking a kit home, and supports this application.

Mr. Gordon Goodman of 5834 Middaugh said he appreciated this house coming forward for landmarking. He grew up in an area with a lot of bungalows and is happy to see this style represented. He said Dowers Grove has a nice tradition of enabling its residents to choose the designation for their home when it is landmarked.

Ch. Davenport asked if any thought has been given as to how the home will be designated and someone stated it may be called The Cameron House.

There being no further public comments, Ch. Davenport closed the public portion of the hearing.

Mr. Larson said he never heard of the Harris homes before. There are so many bungalows in Downers Grove with a variety of styles including the typical Chicago bungalows. He prefers the Craftsman style with the gables. In California there are more of this type of bungalow with large eaves and overhangs, which he thought was to capture part of the second floor and allowed for dormers to be installed.

Ch. Davenport commented that the kit homes were part of the unique history of Downers Grove, being the last stop where freight could be delivered. He asked if there was any investigation to reveal any identifying features as a Harris home.

Ms. Gassen said that the previous owner thought it might have been a Sears home because they found a piece of flooring or wall covering with a Sears shipping label on the back and the original owner’s name and a date of about 1926. Other than that, she doesn’t think there was any other identifying information discovered.
Mr. Riemer moved to make a positive recommendation to the Village Council to approve historic landmark status for the property at 4632 Main Street. Ms. Acks seconded the Motion.
All in favor. The Motion passed unanimously.
