**Preliminary Floodplain Maps**

The preliminary floodplain maps are currently on schedule for adoption this year. A Letter of Final Determination (LFD) is expected on February 1, with an effective date of August 1. The revised maps will need to be adopted by the Village Council. Letters will be sent to affected homeowners after the LFD is issued. Part of St. Joseph Creek (north of Barth Pond) will still be reviewed/re-studied by the County, and will not be completed before the official adoption. This area will be incorporated as soon as the revised modeling has been completed, reviewed and approved.
