RECOMMENDATION

Approval on the February 18, 2020 consent agenda.

BACKGROUND

Four firms were pre-qualified by staff for material testing services through a Request for Qualifications that was issued in 2018 for FY19, FY20 and FY21. Unit rates for required testing services were solicited from the pre-qualified firms, with three of the four firms responding. After reviewing the proposals, SEECO

Consultants, Inc., Interra, Inc., and Millennia Professional Services were all identified as firms that best meet the needs of the Village and the Village entered into contracts with said firms in April 2019.

The three firms have agreed to hold their hourly rates for the work proposed in 2019 with minor modifications. As such, staff is recommending a contract extension in lieu of advertising a new Request for Proposals. Staff will work with the companies' personnel to develop a scope of work for each project, similar to those performed in 2019, but which will be dynamic and reflect the specific identified needs of each site. Each contract is in an amount not-to-exceed \$50,000.00 plus a 10% (\$5,000) contingency and services would be authorized under specific work orders with individual not-to-exceed amounts and in accordance with the unit prices specified within the contracts.

INTERRA, Inc. and SEECO Consultants, Inc. have satisfactorily provided material testing services for capital improvement projects from 2013 through 2019. Millennia Professional Services satisfactorily provided material testing services for capital improvement projects in 2019.

- 8.1 Proposer agrees to comply with the Illinois Prevailing Wage Act, 820 ILCS 130/1 *et seq.*, for all work completed under this Contract. Proposer agrees to pay the prevailing wage and require that all of its subcontractors pay prevailing wage to any laborers, workers or mechanics who perform work pursuant to this Contract or related subcontract. For applicable rates, go to the State of Illinois – Department of Labor website (www.state.il.us/agency/idol/rates/rates.HTM) and use the most current DuPage County rate. The Department revises the prevailing wage rates and the Proposer or subcontractor has an obligation to check the Department's website for revisions to prevailing wage rates throughout the duration of this Contract.

The Village reserves the right to check the pay stubs of the workers on the job. The Village further cautions that payment for any services rendered pursuant to this Contract may be predicated upon receipt of said records.

- 8.5 In the event that this is a construction project where Motor Fuel tax monies or state grant monies are used in the construction, maintenance and extension of municipal streets, traffic control signals, street lighting systems, storm sewers, pedestrian subways or overhead crossings, sidewalks and off-street parking facilities, and the like, the Village will require an Apprenticeship and Training Certification, attached after the Proposer's Certification.

The Village will pay the Proposer's costs actually incurred as of the date of receipt of notice of termination. Upon termination, the Proposer will deliver all documents and products of whatever kind, and their reproducible originals related to the project, which have been produced to the date of the notice of termination.

15. BILLING & PAYMENT PROCEDURES

15.1 Payment will be made upon receipt of an invoice referencing Village purchase order number. 20. WAIVER OF CONTRACT BREACH

20.1 The waiver by one party of any breach of this Contract or the failure of one party to enforce at any time, or for any period of time, any of the provisions hereof will be limited to the particular instance and will not operate or be deemed to waive any future breaches of this Contract and will not be construed to be a waiver of any provision except for the particular instance.

21. AMENDMENT

21.1 This Contract will not be subject to amendment unless made in writing and signed by all parties.

22. NOT TO EXCEED CONTRACT

22.1 The contract price is a "not-to-exceed" cost with the exception of the unit prices for 100-linear feet of right-of-way survey and additional ½ acre of private property survey. At any time additional work is necessary or requested, and the not-to-exceed price is increased thereby, any change, addition or price increase must be agreed to in writing by all parties who have executed the Contract. The unit prices provided will be used to increase the contract value beyond the "not-to-exceed" price.

Village of Downers Grove – 2019 Material Testing Services

23. SEVERABILITY OF INVALID PROVISIONS

23.1 If any provisions of this Contract are held to contravene or be invalid under the laws of any state, country or jurisdiction, contravention will not invalidate the entire Contract, but it will be construed as if not containing the invalid provision and the rights or obligations of the parties will be construed and enforced accordingly.
