

MANAGER'S REPORT FOR MAY 8, 2020
GENERAL INFORMATION AND RESPONSES TO MAYOR & COMMISSIONER REQUESTS

Sidewalk Rehabilitation Program

The Village's sidewalk rehabilitation contractor started working in town this week. The sidewalk rehabilitation project involves the cutting or "shaving" of portions of sidewalk to create a smooth surface. Approximately 30 locations in the downtown have been targeted and completed in the morning hours each day this week. Once the work downtown is completed, the contractor will move out into the other parts of town, alleviating trip hazards throughout the neighborhoods.
