SYNOPSIS
A Historic Landmark Designation Resolution has been prepared to designate the house at 200 Shady Lane a historic landmark.

STRATEGIC PLAN ALIGNMENT
The goals for the 2019-2021 include Steward of Financial, Environmental and Neighborhood Sustainability.

FISCAL IMPACT

UPDATE & RECOMMENDATION
This item was discussed at the February 2, 2021 Village Council meeting. Staff recommends approval on the February 16, 2021 Active Agenda.

BACKGROUND
The petitioners are seeking a Historic Landmark Designation for their property at 200 Shady Lane under criteria 12.302.B.3 of the Historic Preservation Ordinance: representation of distinguishing characteristics of an architectural style. The Mid-Century Modern style home was constructed circa 1960.

Existing House
The Mid-Century Modern Style incorporated the use of brick, stucco and wood siding (installed both vertically and horizontally). The most common roof types associated with this architectural style were low-pitched hip roofs or low-pitched gabled roofs with a deep overhang. The deep roof overhang served to protect the entry that was often setback from the front facade. Additionally, the architectural style aimed to establish a relationship to the outdoors by incorporating large windows and open floor plans.

This one story Mid-Century Modern style home at 200 Shady Lane has a concrete foundation and a low-sloped front gabled roof. The home’s exterior facades are composed of vertical wood siding and a contrasting stone chimney. Deep roof overhangs around the house, including over the front door, and floor to ceiling windows are additional Mid-Century characteristics. Natural light is secured through the clerestory windows on the south facade. The home includes an attached one-car garage.

Both the south and east facades of the house face public right-of-ways and would therefore be subject to the
review and requirements of a Certificate of Appropriateness should any eligible work be proposed on either street facing façade.

Analysis of Significance
The proposal complies with the following criteria for Landmark Designation: Section 12.302.A and 12.302.B.3. The house was constructed circa 1960 and is thus over 50 years of age as required by Section 12.302.A. The property must meet one of the criteria noted in 12.302.B and does meet criteria 12.302.B.3 as the house represents the distinguishing characteristics of the Mid-Century Modern architectural style.

Public Comment
Four members of the public spoke in support of the petition at the January 13, 2021 ADRB meeting.

PROJECT DESCRIPTION
The petitioners are seeking a Historic Landmark Designation for their property at 200 Shady Lane under criteria 12.302.B.3 of the Historic Preservation Ordinance: representation of distinguishing characteristics of an architectural style. The Mid-Century Modern style home was constructed circa 1960.
The Mid-Century Modern style was popularized between the 1940s and 1960s. The use of brick, stucco and wood siding (installed both vertically and horizontally) varied depending on geography. Occasionally an additional building material would be used for contrast. Low-pitched hip roofs and low-pitched gabled roofs were the most common roof types associated with this architectural style. Front entries were often set back and protected by the main roof. Another characteristic of the Mid-Century Modern style home is its design relationship to the outdoors. To promote scenic views, designs often incorporated large windows and open floor plans.

This one story Mid-Century Modern style home has a concrete foundation and a low-sloped front gabled roof. The home's exterior facades are composed of vertical wood siding and a contrasting stone chimney. Deep roof overhangs around the house, including over the front door, and floor to ceiling windows are additional Mid-Century characteristics. Natural light is secured through the clerestory windows on the south facade. The home includes an attached one-car garage.

The property at 200 Shady Lane was built circa 1960 for the original owners, John and Mildred Kotes. The house is currently owned by the petitioners, Christie and John Kenny, who purchased the home in 2019. The Kenny’s are the sixth owners of the house.

Upon consultation with the Illinois Historic Preservation Agency (IHPA), additional information was gathered about the history of this style of home. IHPA described that the house is very similar in style to California style homes that gained popularity in the Mid-1950's and were often built by prominent developer Joseph Eichler. Eichler’s style, emanated around the country, generally includes expressed post-and-beam construction, balanced asymmetry, floor-to-ceiling windows, windows that continue up into the triangulated eaves and broad low-sloped roofs; all features that can be observed at the subject home. IHPA recognized that though this home is smaller than many other examples of Mid-Century Modern architecture, the size has not limited its exuberant display of the architectural themes. Additionally, the IHPA recognized the lannon stone chimney as a type of limestone typically quarried in Wisconsin, adding a local feature to the otherwise Californian inspired home. The chip carved texture of the stone chimney contrasts nicely with the smooth exterior siding.

Both the south and east facades of the house face public right-of-ways and would therefore be subject to the review and requirements of a Certificate of Appropriateness should any work be proposed on either street facing façade.

**COMPLIANCE WITH HISTORIC PRESERVATION ORDINANCE**

The petitioner has outlined the request in the attached narrative letter and photographs. The petitioner will further address the proposal and justification to support the requested landmark designation at the public hearing.

**Section 12.302.A**

The proposed landmark is either over fifty (50) years old; in whole or in part or is under fifty (50) years of age and possesses exceptional importance such as might be recognized immediately for its reflection of an extraordinary political event or architectural innovation; and

The house was constructed circa 1960. This standard is met.

**Section 12.302.B**
That one or more of the following conditions exist:

1. The property has significant value as part of the historic, heritage or cultural characteristics of the community, county, State or Nation;
   This criteria does not apply.

2. The property was owned by a person or persons of historic significance to the community, county, State or Nation;
   This criteria does not apply.

3. The property represents the distinguishing characteristics of an architectural period, style, type, method of construction or use of indigenous materials;
   Staff finds the property represents the distinguishing characteristics of a Mid-Century Modern style home. The one story Mid-Century home has a low-sloped front gabled roof, clerestory windows, deep roof overhangs, and vertical wood siding. The Downers Grove Village Wide Architectural and Historical Survey found this home would qualify as a contributing property in a historic district. This criteria is met.

4. The property represents notable work of a master builder, designer, architect or artist whose individual work has influenced the development of the community, county, State or Nation;
   This criteria does not apply.

5. An area that has yielded or may be likely to yield, information important in history or prehistory.
   This criteria does not apply.

6. A source of civic pride or identity for the community.
   This criteria does not apply.

7. The property is included in the National Register of Historic Places.
   This criteria does not apply.

NEIGHBORHOOD COMMENT
Staff has not received any neighborhood comments regarding the proposal at this time.

RECOMMENDATIONS
Staff finds the petition complies with the criteria in Section 12.302 for Landmark Designation. Based on the findings above, staff recommends the Architectural Design Review Board make a positive recommendation to the Village Council for landmark status of 200 Shady Lane.

Dear Review Board:

As a 200 Shady Lane resident since 2018, I write to express my strong support for
Historic preservation within my community of Shady Lane Estates. I am one of the first
residents to start the process of Historic Landmarking within my community in hopes that
the rest of the community will follow. The architecture, diverse community and unique
culture make it a one-of-a-kind place to live for Shady Lane Estates’ present and future
generations.

We are lucky to call this unique part of Downers Grove "home" we understand the
extraordinary qualities that make it so beautiful and livable.  I call it the Palm Springs of
Downers Grove. The streets lined with Mid-Century Modern homes built during the late
50's early 60's creating a family-friendly, design inspired gem of a community. Our home
is contributing to the historic character of Shady Lane Estates. It sits on the Northwest
corner of Shady Lane and Cumnor Avenue. Some of the Architectural details on our
home that are prominent in Mid-Century Modern architecture include Vertical Wood
Siding, Front Gabled Roof Type, Stone Chimney, Clerestory Windows, and Deep Eaves.
These are just a few of the individual stand-outs found on our home's exterior.

The Shady Lane Estates area is far more than the sum of its parts. I thank the Landmarks
Preservation Commission for the opportunity to protect this neighborhood for present and
future generations.

Sincerely,

Christie M. Kenny

200 Shady Lane Landmark Application
Addition to the Narrative

How the Proposed Designation meets the Landmark Designation Criteria

The home meets the Landmark Designation Criteria as follows:

A. “The proposed landmark is either over fifty (50) years old, in whole or in part.”

The house was built in approximately 1960 as part of the Shady Lane Estates Subdivision. This criterion is met.

B. “That one or more of the following conditions exists:

3. The property represents the distinguishing characteristics of an architectural period, style, type, method of construction or use of indigenous materials.”

This house is an excellent example of mid-century modern design, with vertical wood siding and deep eaves. It features a clerestory window underneath a front gabled and low sloped roof. It also contains a prominent chimney, with stone most likely quarried in Wisconsin.

PUBLIC HEARING

Ch. Gassen explained that there was one public hearing before the Board seeking landmark designation for the property located at 200 Shady Lane, Downers Grove. She described the procedures to be followed for the hearing, and asked anyone intending to speak at the meeting to be sworn in.

Staff Presentation:
Gabriella Baldassari, Development Planner for the Village of Downers Grove, stated that the property is located 200 Shady Lane. The petitioner is seeking landmark designation for their property representing the Mid-Century Modern style of architecture. The house was built circa 1960. Ms. Baldassari displayed photographs of the house and reviewed the architectural features of home.

Ms. Baldassari explained that the home’s exterior facades are composed of vertical wood siding and a contrasting stone chimney. Deep roof overhangs around the house, including over the front door, and floor to ceiling windows are additional Mid-Century characteristics. Natural light is secured through the clerestory windows on the south facade. Balanced asymmetry and expressed post and beam construction are also displayed. Ms. Baldassari stated that the staff believed the application meet the standards for landmark designation as provided on the slide.

Ch. Gassen asked if there were any comments or questions for staff from the ADRB members.

Several board members expressed their support of the petition and admiration of the home, none had any questions. There being no additional comments at this time, Ch. Gassen asked the Petitioner if they wanted to add any information.

Petitioner’s Presentation:
Ms. Christie Kenny, 200 Shady Lane Downers Grove, IL shared that she and her husband spoke about their admiration of the community and neighborhood. She is hopeful that others in the neighborhood will follow in landmarking their homes. Mr. John Kenny echoed his wife’s comments and thanked everyone for helping.

Ch. Gassen asked if there were any board comments or questions.

Chalberg, Lerner and Styczynski commented that they hoped others in the neighborhood would also landmark their homes. Additionally Renner and Ch. Gassen thanked the petitioner for their decision to landmark their home.

Ch. Gassen asked if there were any additional questions for the petitioners.
There being no additional comments at this time, Ch. Gassen asked staff if any comments had come in electronically.

Manager Zawila confirmed that no comments had been received electronically, and explained that he would read each name of the electronic meeting attendees to offer them a chance to speak.

1. Christine Martin, 701 Maple Avenue, thanked the Kenny’s for landmarking their home, which she added is beautiful on the inside as well as the outside.

2. Kathleen Nybo, 5235 Blodgett, commented that the house is lovely and she hopes the neighbors will also landmark their beautiful homes.

3. Marylou Lockerby congratulated the petitioners for landmarking their home.

4. Irene Hogstrom, 1232 Gilbert Avenue, thanked the petitioners for landmarking their home and added that the interior was also designed in a mid-century modern design aesthetic.

Ch. Gassen asked if there were any comments from ARDB members regarding the public’s testimony. There being no further comments, Ch. Gassen asked if the petitioner had any closing remarks.

Ch. Gassen closed the public comment section and asked if the board had any final comments.

**Board’s Deliberation:**

Ch. Gassen said she supported making this house a landmark. She commented that both the Friends of the Edwards House and the Illinois State Preservation Agency are great resources for the Village. She also added that there are no landmark districts in the Village currently but this could be a start to a district in the future.

There being no further comments, Ch. Gassen called for a motion.

**Mr. Lerner moved that based on Staff’s findings the Architectural Design Review Board make a positive recommendation to the Village Council for landmark status of 200 Shady Lane.** Mr. Reimer seconded the Motion.

**AYES:** Mr. Lerner, Mr. Renner, Mr. Riemer, Ms. Chalberg, Mr. Styczynski, Ch. Gassen

**NAYS:** None

The Motion passed unanimously.
