**Agenda Item:** A. MOT 2023-9823 1. Motion: Greenest Region Compact

**Commenter:** Irene Hogstrom

**Comment:** "Dear Mayor and Members of the Council,  
Please vote yes to join the Greenest Region Compact. We need to do what we can to combat climate change, and what better way than to make this commitment and collaborate with our neighboring communities. The DuPage Mayors and Managers have signed up, as well as several of our neighbors. Downers Grove is a large community, and a large omission from being in the Compact in the region. We appear to not care about the environment and sustainability--not only to residents, but to the region and planning community at large. Please show you care about the environment and climate change and sign the compact, and do your part as elected officials to preserve the planet for future generations.

Sincerely,

Irene Hogstrom"
