### VILLAGE OF DOWNERS GROVE, ILLINOIS OGDEN AVENUE TIF REPORT (TIF #2)

Report Period 1/1/12 to 12/31/12

#### STATEMENT OF ACTIVITIES

The following information addresses the project activities undertaken during this reporting period furthering the goals and objectives of the Ogden Avenue Redevelopment Plan.

#### OGDEN AVENUE SITE IMPROVEMENT STRATEGY (OASIS)

On September 14, 2010, the Village adopted the OASIS program to provide business and property owners with a dollar-for-dollar matching grant for certain site improvements within the TIF district. The goals of the program and eligible improvements generally follow the recommendations of the 1999 Ogden Avenue Master Plan and include new landscaping, façade improvements, site improvements, new stormwater detention facilities, installation of stormwater best management practices, sidewalk installation, parking lot improvements and improvements to site access (i.e. curb cut reductions).

In 2012, the Village Council reviewed the OASIS program and made revisions to the program. These changes included a reduction of the required private match from 50% to 25%, an increase in the maximum grant amount available to each project and the addition of a sidewalk requirement. Due to the review and revisions of the OASIS program, only a December 2012 application period was provided.

A total of \$350,000 was budgeted for the program in 2012. Five projects, which had been initially submitted for review in 2011, were awarded a total of \$43,051.03 during 2012. The table below provides a list of the awarded grants:

Property Address	Business	Grant Amount Awarded
237-245 Ogden Avenue	Auto Zone Shopping Center	\$ 7,500.00
534 Ogden Avenue	Midwest Auto Body	\$ 14,952.14
406-414 Ogden Avenue	Fairview Plaza Shopping Center	\$ 3,423.90
1530-1552 Ogden Avenue	Shopping Center	\$ 6,942.50
845 Ogden Avenue	Firestone	\$ 10,232.49
	<b>TOTAL</b>	<b>\$ 43,051.03</b>

All funds for the Ogden Avenue TIF Fund (Special Tax Allocation Fund) have been received in accordance with state statute, and the originally adopted redevelopment plan. No private investment funds have been received into the Special Tax Allocation Fund.

### **D. SIGNAGE IMPROVEMENT**

1. Signs

This includes the installation or replacement of signs to comply with current Village ordinances. Requests for grant funds for sign improvements will only be considered for projects that propose improvements in at least two (2) additional categories listed herein. For purposes of this policy, installed landscaping required by the Village's sign ordinance shall not be considered as an additional improvement.

## **2. FINANCIAL ASSISTANCE:**

Property owners and business owners (“Owners”) located within the Ogden Avenue TIF District may be eligible for a grant award from the Village for up to seventy-five percent (75%) of the total cost of the work for certain improvements made to their buildings or property in accordance with the following guidelines:

- a) Interior Parcels less than one (1) acre are eligible for a Grant Award up to seventy-five percent (75%) of the cost of the eligible work. The total maximum award shall not exceed \$100,000 not including any bonuses for an “Outstanding Project” as defined herein.
- b) Corner Parcels or Parcels that are at least one (1) acre or individual Tenant Spaces in excess of five thousand (5,000) square feet are eligible for a Grant Award up to seventy-five percent (75%) of the cost of the eligible work. The total maximum award shall not exceed \$150,000 not including any bonuses for an “Outstanding Project” as defined herein.

### c) Conditions:

1. Only exterior improvements to properties and buildings as described above will be eligible for a grant award. Internal elements will not be eligible. Generally, exterior maintenance (e.g. painting, parking lot resurfacing, seal-coating, replacing dead landscaping, etc.) will not be considered; however, in some cases maintenance may be eligible if it is an essential component of a project and is a permanent improvement to the property (e.g. tuck-pointing, replacing windows and doors).

2. Funding for signs shall only be provided if two (2) other eligible improvements are being made to the applicant’s property. Any landscaping required by the Village’s sign ordinance shall not be counted as an additional improvement.

3. Requests for funding for façade improvements shall include screening on all sides of any existing or proposed mechanical equipment.

4. Improvements to buildings, parking lots and uses which do not meet current zoning requirements will not be eligible.

5. Improvements requiring zoning variations may be eligible for project funding; however, no part of the zoning variation process will be funded.

6. A bonus of twenty-five percent (25%) of the maximum grant award amount for particular Outstanding Projects may be provided for applications that propose eligible improvements that address multiple categories. Outstanding Projects must meet all the criteria contained herein and exceed the Village’s development standards. For example, an eligible project on a one and one-half (1.5) acre lot proposing landscape improvements and façade improvements would be eligible for up to \$128,906 ( $\$137,500 \times 0.75 = \$103,125 \times 1.25$ ) assuming a total eligible project costs of \$137,500.

7. For single tenants in multi-tenant buildings, the maximum grant award for the tenant will be limited by the percentage of space the tenant occupies in the building. For example, if a tenant occupies twenty-five percent (25%) of a building on a parcel less than one (1) acre in size, the maximum façade improvement grant award would be \$2,500.

## **3. SIDEWALK EASEMENT OR CONSTRUCTION REQUIRED AS A PRE-CONDITION:**

In order to promote the Ogden Avenue Master Plan, and prior to receipt of any grant award, the applicant must grant a sidewalk easement approved in a form acceptable to the Village and/or install a sidewalk on

the property along Ogden Avenue as required by the Village Council or Village Manager. In instances where only an easement for a sidewalk is received, the applicant will receive an additional \$1,000 of grant funds. In instances where a sidewalk is installed, the sidewalk may be included in the eligible project costs.

#### **4. PROCEDURES:**

The OASIS Team will evaluate all submittals. The OASIS Team is comprised of Village staff, Economic Development Corporation representatives and Downers Grove Area Chamber of Commerce and Industry representatives. Only complete applications will be evaluated by the review team. Projects will be evaluated on a qualitative basis and will be evaluated against one another. The intent of the initiative is to encourage comprehensive development in the TIF district. One or more application deadlines will be established by the Village.

##### *1. Pre-Application Meeting (OPTIONAL)*

Prior to making a formal application, the prospective applicant is encouraged to meet with the OASIS Team. During this meeting, the prospective applicant is familiarized with the program and the application process. A general discussion of needs and ideas of all parties, design alternatives and general cost parameters will be discussed. An application packet may be obtained at this time, as well as, information about the *Ogden Avenue Master Plan*.

##### *2. Complete and Submit Application*

The first round of applications should be completed and submitted to the Community Development Department by an established due date included in the application packet. The OASIS Team will review the application for completeness within 10 working days of application deadline.

##### *3. Approval of Project by the Village*

Within 30 days of the application deadline, the OASIS Team will meet to review and rank the complete grant applications against each other in order to establish an order of merit. By ranking projects the OASIS Team will recommend funding of the highest ranked projects first. The OASIS Team will utilize the review criteria included in the application packet to rank applications. Recommendations from the OASIS Team will be forwarded to the Village Manager for consideration. Grant awards recommended by the OASIS Team less than \$15,000 may be authorized by Village Manager; however, grant awards in excess of \$15,000 must be authorized by the Village Council.

##### *4. Execution of the Site Improvement Reimbursement Grant Agreement*

In conjunction with the award of the grant, the applicant will be required to enter into a Site Improvement Reimbursement Grant Agreement with the Village specifying the responsibility of the grant recipient. This agreement must be completed prior to the commencement of funded improvements. A typical agreement will reimburse the applicant, up to the agreed upon maximum, with the submittal of cancelled checks and final inspection.

##### *5. Begin Work*

After the Site Improvement Reimbursement Grant Agreement has been executed, a "Letter of Approval and Notice to Proceed" will be sent to the applicant from the Community Development Department, including an estimate of the total grant amount the applicant is eligible to receive once work is completed and cancelled checks for said eligible work have been received.

The applicant may begin work once all necessary permits have been issued. Prior to, or during construction, any on-the-job changes to the approved design must be reviewed and approved by the OASIS team and the Community Development Department. If changes involve permit related work, the Community Development department must also review and approve the change.

##### *6. Complete of the Project*

Upon completion of the project, the work is to be approved by an inspector(s) in the appropriate departments for compliance with the original design drawings, including any approved on-the-job

changes and Village ordinances. In the event the Village finds the finished work product does not meet ordinance requirements or is not consistent with the approved grant application and any approved on-the-job changes, the Village will not be obligated to provide reimbursement for any of the work completed.

*7. Payment of the Grant*

Once the grant recipient receives final approval, he/she shall provide a request for reimbursement and all receipts (including copies of cancelled checks) for grant eligible work to the Community Development Department. The Village of Downers Grove will provide reimbursement up to the agreed upon maximum after eligible grant work has been inspected and certified as to its completion and compliance with the approved grant application.

MR. BAKER**

**NAY: NONE**

**MOTION CARRIED: 6-0**

Mr. Baker asked that each member introduce himself/herself.

**OGDEN AVENUE IMPLEMENTATION PLAN PRESENTATION**

Chairman Baker reviewed a brief history of the Ogden Avenue TIF District, reminding those present that the goal of the plan was to improve the following: 1) the appearance of Ogden Avenue; 2) the corridor's economic performance; and 3) vehicular and pedestrian traffic circulation. Details followed on how the

village's strategies were used to accomplish the above goals, i.e., the "pay as you go" approach to considering financial incentives; consider opportunities to close streets and curb-cuts; and strive to leverage resources to support existing businesses and public improvements. (Mr. Ashton arrives) Boundaries of the TIF district were noted.

Mr. Baker reported that the Ogden Avenue Site Improvement Strategy ("OASIS"), a matching grant program created by the Village of Downers Grove along with the Downtown Development Corporation and Chamber of Commerce, provides (Mr. Staehlin arrives) matching grants to qualifying business along the corridor. In 2011 the Village awarded \$409,000 in grants but in total the projects represented \$1.3 MM of public and private investment.

### **OVERVIEW OF THE 2011 OGDEN AVENUE TIF REPORT**

Turning to the financial summary for fiscal year 2011, revenue received was reported as just being under \$700,000; expenditures were approximately \$123,000; and the fund balance grew from \$3.3MM to \$3.9MM. Reviewing overall TIF performance, total expenditures to date were approximately \$1.5 MM with an estimated \$18.5 MM of private investment since the TIF was started. The village received \$1.2MM in grant funding, resulting in a leverage ratio of \$15.58:1 (private dollars to public dollars). The EAV grew from \$29.3MM to \$41.5MM, representing an increase of 41.7%. Mr. Baker believed the OASIS program was working well and would be the primary vehicle for redirecting and reinvesting the TIF resources.

Mr. Baker sees the OASIS program continuing in 2012 but will see some modifications in trying to continue to invest in the kind of business development that the Village wants to see and to meet the goals of the TIF plan. The Village's recently adopted Comprehensive Plan will also play a part in TIF decisions. Lastly, Mr. Baker reported with the \$4MM fund balance, the Village will have to determine future strategies on how to best make use of that money not only for the OASIS program but for other public improvements that can be undertaken in the corridor.

### **QUESTIONS/DISCUSSION**

Questions followed as to clarification of what public improvements meant. Mr. Baker explained a number of improvements existed in the Ogden Avenue Master Plan back from 2007. Most costly was the burial of the utility lines along parts of Ogden Avenue. Staff recalled other improvements included landscaping, streetscapes, and curb cut closures. Mr. Staehlin asked about the fund balance again, wherein Mr. Baker reminded him that one of the original intentions of the TIF was to allow the fund balance to accumulate and the Village was at a point where it had to identify the best use for those funds.

Mr. Buikema asked if there was a timeline to use that money, wherein Mr. Baker explained that the budget process began in September with Village discussion following in the fall. Asked if there was known projects for the \$3.8 MM, Mr. Baker, recalled that the plan, back in 2007, identified close to \$17MM of potential projects that could be undertaken but priority of those projects had to take place and the best use of the funds had to be determined. The primary strategy over the past few years however was the OASIS program and direct private reinvestment.

### **ADJOURNMENT**

**MR. LUKA MOVED TO ADJOURN THE MEETING AT 4:18 P.M. MS. UTECHT SECONDED THE MOTION. MOTION CARRIED BY VOICE VOTE OF 8-0.**

Respectfully submitted,

Celeste Weilandt, Recording Secretary

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village of Downers Grove Ogden Avenue Corridor Tax Increment Financing Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Village of Downers Grove Ogden Avenue Corridor Tax Increment Financing Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Honorable Mayor and Members of the Village Council  
Village of Downers Grove

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Village of Downers Grove Ogden Avenue Corridor Tax Increment Financing Fund, as of December 31, 2012, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matters**

As discussed in Note 1, the financial statements present only Village of Downers Grove Ogden Avenue Corridor Tax Increment Financing Fund and do not purport to, and do not present fairly the financial position of the Village of Downers Grove, Illinois, as of December 31, 2012, and the changes in its financial position and, where applicable, its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

As discussed in Note 1, the Village of Downers Grove Ogden Avenue Corridor Tax Increment Financing Fund, adopted the provisions of GASB Statement No. 63, *Financial Reporting for Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, effective January 1, 2012. Our opinion is not modified with respect to this matter.

**Other Matter**

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. Our opinion on the financial statements is not affected by this missing information.

**Report on Other Legal and Regulatory Requirements**

We have also issued a report dated May 31, 2013, on our consideration of the Village of Downers Grove Ogden Avenue Corridor Tax Increment Financing Fund's compliance with laws, regulations, and contracts.

NOTES TO FINANCIAL STATEMENTS  
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2012

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Ogden Avenue Corridor Tax Increment Financing District Fund (the Fund) of the Village of Downers Grove, Illinois (the Village), have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below.

In June 2011, the GASB issued statement No. 63 - *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. Previous financial reporting standards did not include guidance for these elements, which are distinct from assets and liabilities.

The Village made the decision to implement this standard effective January 1, 2012.

**Reporting Entity**

The financial statements present only the Ogden Avenue Corridor Tax Increment Financing District Fund, a fund of the Village of Downers Grove. They do not purport to, and do not, present fairly the financial position of the Village of Downers Grove.

**Fund Accounting**

Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

**Basis of Accounting**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With the measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in current assets.

The modified accrual basis of accounting is used by all governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period. For this purpose, the Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The Village recognizes property taxes when they become both measurable and available and for the period intended to finance. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recorded when the related fund liability is incurred.

The revenues susceptible to accrual are property taxes and investment income.

**Fund Balance**

Equity is classified as fund balance in the financial statements and displayed in five components:

**Nonspendable** - includes amounts not in spendable form, such as inventory, or amounts required to be maintained intact legally or contractually (principal endowment) (e.g. inventory or pre-paid items).

**Restricted** - includes amounts constrained for a specific purpose by external parties (e.g. Debt Service, Economic Development, State and Federal Grant Funds).

**Committed** - includes amounts constrained for a specific purpose by a government using its highest level of decision making authority, the Village Council. This formal action (ordinance) must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Village Council that originally created the commitment.

**Assigned** - includes amounts constrained for a specific purpose by the Village Council or by an official that has been delegated authority to assign amounts. The Village Council may also take official action to assign amounts. Additionally, all remaining positive spendable amounts in governmental funds that are neither restricted nor committed are considered assigned. Assignments may take place after the end of the reporting period.

**Unassigned** - includes negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended as follows: restricted fund balance, followed by committed fund balance, assigned fund balance, and lastly, unassigned fund balance.

**NOTE 2 – CASH AND INVESTMENTS**

*Permitted Deposits and Investments*

The Village's investment policy authorizes the Village to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value).

It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, legality, safety, liquidity, and yield.

**VILLAGE OF DOWNERS GROVE**  
**OGDEN AVENUE CORRIDOR INCREMENT FINANCING FUND**  
NOTES TO FINANCIAL STATEMENTS  
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2012

---

At December 31, 2012, the total cash and investments of the Fund were \$4,253,550. The cash and investments were comprised of deposits with financial institutions, which include amounts held in demand accounts, savings accounts and non-negotiable certificates of deposit (\$499,780) and investments in Illinois Funds (\$1,744,840) and in Illinois Metropolitan Investment Fund (\$2,008,930).

*Interest Rate Risk*

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for cash requirements for ongoing operations in shorter-term securities. As of December 31, 2012, the Fund's investments in Illinois Funds and Illinois Metropolitan Investment Fund were due on demand.

*Custodial Credit Risk – Deposits*

With respect to deposits, custodial credit risk refers to the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The Village's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the Village, an independent third-party or the Federal Reserve Bank in the Village's name. At year end, the Fund did not have any deposits that were exposed to custodial credit risk.

*Credit Risk*

Credit risk is the risk that the issuer of a debt security will not pay its par value upon maturity. The Village limits its exposure to credit risk limiting investments to the safest types of securities; pre-qualifying the financial institutions, intermediaries, and advisors with which the Village will conduct business; and diversifying the investment portfolio so that potential losses on individual investments will be minimized. Illinois Funds are rated AAA.

**NOTE 3 – RECEIVABLES - TAXES**

Property taxes for 2012 attach as an enforceable lien on January of the year of the levy on property values assessed as the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and issued on or about May 1, 2013 and August 1, 2013, and are payable in two installments, on or about June 1, 2013 and September 1, 2013. Tax Increment Financing (TIF) property tax receipts are received in two installments similar to levied taxes described above. TIF property taxes are not levied, but are paid by the County from incremental property tax receipts of all taxing bodies within a TIF district. The County collects such taxes and remits them periodically. Management has determined that an allowance for uncollectible accounts is not necessary. As the 2012 tax levy is intended to fund expenditures for the 2013 fiscal year, these taxes are deferred as of December 31, 2012.

**NOTE 4 – EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT PERIOD FINANCIAL STATEMENTS**

The Governmental Accounting Standards Board (GASB) has approved GASB Statement No. 61, *The Financial Reporting Entity: Omnibus* and Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Application of these standards may restate portions of these financial statements.
