**SUBMITTALS**

This report is based on the following documents, which are on file with the Department of Community Development:

1. Application/Petition for Public Hearing
2. Zoning Ordinance
3. Proposed Amendment

**PROJECT DESCRIPTION**

In 2019, the State of Illinois passed the Cannabis Regulation and Tax Act which legalized the use of recreational marijuana beginning January 1, 2020. At their December 17, 2019 meeting, the Village Council approved amendments to Chapter 8 (Business and Activity Licenses and Regulations) and Chapter 28 (Zoning Ordinance) of the Downers Grove Municipal Code, prohibiting adult use cannabis business establishments.

At their October, 6, 2020 meeting, the Village Council provided updated direction to allow adult use cannabis establishments as a Special Use in the M-1, Light Manufacturing and M-2, Restricted Manufacturing Zoning Districts. In summary the proposed zoning text amendments are consistent with the following parameters:

- All Adult Use Cannabis Business Establishments will require a special use in the M-1 and M-2 Zoning Districts. Adult use cannabis business establishments are listed here:
  - Adult Use Cannabis Craft Grower
  - Adult Use Cannabis Cultivation Center
  - Adult Use Cannabis Dispensing Organization
  - Adult Use Cannabis Infuser Organization or Infuser
  - Adult Use Cannabis Processing Organization or Processor
  - Adult Use Cannabis Transporting Organization or Transporter
- Adult Use Cannabis Business Establishments will:
  - be prohibited adjacent to residential districts
  - require a 1,300 ft. separation from daycare centers, schools and parks.
- There will be a maximum limit of Adult Use and Medical Cannabis Dispensing Organization Special Use Permits to three (3).
- For parity in the Zoning Ordinance, Medical Cannabis Dispensing Organizations and Cultivation Centers will now be an allowed special use in the M-2 Zoning District (currently only allowed as special uses in the M-1 Zoning District).
- The separation distance of Medical Cannabis Dispensing Organizations and Cultivation Centers have been modified so that the separation distance from pre-existing parks matches the adult use separation distance requirement.
- Parking requirements for Adult Use Cannabis and Medical Cannabis Business Establishments will be added to the Zoning Ordinance (further discussed below).

A summary list of the proposed amendments is shown below and are identified in the attached Zoning Ordinance excerpts. For each proposed amendment new proposed text is underlined, while text proposed to be removed is shown as a ~~strikeout~~.

*Potential Locations in the Village*

Using the parameters summarized above, a map is attached that demonstrates the potential locations where Medical Cannabis Dispensing Business Establishments and Adult Use Cannabis Business Establishments could be located. Staff researched the location of all public and private schools, home day cares and day care centers within the Village and within the neighboring jurisdictions. School locations were determined based on the Village’s GIS mapping and school district websites. Day care locations were found based on a list of licensed day care providers in Downers Grove and surrounding jurisdictions from the Illinois Department of Children and Family Services and also via a web search for daycares in the area. The provided maps demonstrate M-1 or M-2 districts zoned properties that are outside of the proposed 1,300

foot requirement. Based on these locations, there are a variety of locations that adult use cannabis business establishments can be located within the M-1 and M-2 zoning districts.

### Parking Requirements

Staff researched the parking requirements utilized by existing cannabis facilities located through the state as well as regulations recently established for the 12 DuPage County opt-in communities (Addison, Naperville, Schaumburg Geneva, Joliet, Lombard, Schaumburg, etc.). Based on this research, most communities require cannabis dispensaries to be parked at a retail rate (with regulations ranging from 3 parking spaces/1,000 square feet to 5 parking spaces/1,000 square feet). However, best practices research also shows that this level of parking tends to be insufficient for cannabis dispensing facilities, particularly during demand surges that occur in their first year of operation.

Based on the overall research collected, staff is recommending the following parking requirements for cannabis dispensaries:

- For those adult use and medical dispensaries that will be located in an industrial campus in which shared parking is available: 6 parking spaces per 1,000 square feet of gross floor area of the dispensary.
- For those adult use and medical dispensaries that are located on a property in which no shared parking is available: 7.5 parking spaces per 1,000 square feet of gross floor area of the dispensary.
- In addition to the required parking, the adult use and medical dispensary and craft growers will be required to submit a parking plan, subject to review and approval by the Community Development Director that denotes additional parking supply (including off-site) which can be used to meet the increased parking demands of the dispensary or craft grower upon its initial opening.
- For craft growers: follow dispensary guidelines for the dispensary part of their business plus 1.17 spaces per 1,000 square feet, similar to the general industrial parking requirement.
- All other adult use cannabis business establishments will require 1.17 spaces per 1,000 square feet, similar to the general industrial parking requirements.

Staff finds that the above recommendations will allow for required parking beyond that of a typical retail facility (3.5 parking spaces/1,000 square feet in Downers Grove), as has been found to be necessary by other communities. Additionally, the parking plan will allow for the increased parking demands of a newly opened adult use or medical dispensary to be adequately accounted for and accommodated.

### Special Use Consideration

Section 28.1900 of the Zoning Ordinance notes “special uses are uses that may be necessary to allow because of their unusual characteristics or the service they provide the public. These special uses require particular consideration as to their proper location in relation to adjacent established or intended uses, or to the planned development of the community.” Adult use cannabis business establishments would fall into this categorization. They are unique in the type of service and product they provide to the community and require particular consideration as to their proper location. By classifying them as a Special Use, the Village has an opportunity to review the proposed location of the adult use cannabis use and determine if the proposed use meets the Special Use standards of approval in Section 28.1902 of the Zoning Ordinance and if the location is consistent with the Comprehensive Plan.

Medical cannabis uses have previously been allowed as special uses in the M-1 zoning district. For parity with adult use cannabis business establishments, medical cannabis uses are proposed to be special uses in the M-2 zoning district as well.

## **PUBLIC COMMENT**

The legal notice was published in the *Enterprise Newspapers, Inc. (The Bugle)*. At this time, no public comments have been received on any proposed text amendment.

## **FINDINGS OF FACT**

### ***Section 12.020.F Review and Approval Criteria of Zoning Ordinance Text Amendments***

*The decision to amend the zoning ordinance text is a matter of legislative discretion that is not controlled by any one standard. In making recommendations and decisions about zoning ordinance text amendments, review and decision-making bodies must consider at least the following factors:*

**(1) Whether the proposed text amendment is in conformity with the policy and intent of the comprehensive plan.**

The proposed text amendments are consistent with the policy and intent of the Comprehensive Plan. The Comprehensive Plan notes that the Zoning Ordinance should be regularly reviewed and updated. The appropriate location for adult use and medical cannabis business establishments are within the M-1, Light Manufacturing District and M-2 Restricted Manufacturing Zoning Districts. The M-1 and M-2 district currently allows a wide range of uses by-right, including offices, banks, medical and dental clinics. Elementary and secondary schools are not allowed in the M-1 or M-2 district. The addition of adult use and medical cannabis business establishments into this district as a Special Use is consistent with existing and contemplated uses permitted in the M-1 and M-2 district. The large M-1 and M-2 districts in the Village also tend to be isolated from residential uses. This would provide additional separation from residential uses. This standard is met.

**(2) Whether the proposed zoning ordinance text amendment corrects an error or inconsistency in the zoning ordinance, meets the challenge of a changing condition or is necessary to implement established policy.**

Consideration of the amendments related to adult use cannabis business establishments is necessary to implement direction by the Village Council. Additionally, the use is being considered because of the State's legalization of adult use cannabis, a changed condition that occurred in 2019. The amendments related to medical cannabis use are necessary to ensure parity between medical use and adult use cannabis business establishments. This standard is met.

## **DRAFT MOTION**

---

Staff will provide a recommendation at the November 2, 2020 meeting. Should the Plan Commission find that the request meets the standards of approval for a Zoning Ordinance Text Amendment, staff has prepared a draft motion that the Plan Commission may make for the recommended approval of 20-PLC-0021:

Based on the petitioner's submittal, the staff report, and the testimony presented, I find that the petitioner has met the standards of approval for a Zoning Text Amendment as required by the Village of Downers Grove Zoning Ordinance and is in the public interest and therefore, I move that the Plan Commission recommend to the Village Council approval of 20-PLC-0021 regarding the proposed amendments to Sections 5, 6, 7 and 15 of the Zoning Ordinance.

**Sec 28.5.100 Other Use Category**

This category includes uses that do not fit the other use categories.

- (a) *Drive-in or Drive-through Facility.* Any use with drive-through windows or drive-through lanes or that otherwise offer service to the occupants of motor vehicles. Typical uses include drive-through restaurants, drive-through pharmacies and drive-in restaurants.
- (b) *Medical Cannabis Cultivation Center.* As defined in 410 ILCS 130/1 et seq. See also DGMC Section 28.6.060.
- (c) *Medical Cannabis Dispensing Organization.* As defined in 410 ILCS 130/1 et seq. See also DGMC Section 28.6.060.
- (d) *Adult Use Cannabis Establishments.* ~~Adult Use Cannabis Business Establishments are defined in Chapter 8 of this Code.~~ Adult Use Cannabis Business Establishments are also subject to the following:
  - (1) Prohibited adjacent to residential districts
  - (2) Requires a 1,300 foot separation from preexisting daycare centers, schools and public parks
  - (3) A maximum limit of three (3) special use permits may be issued to Adult Use Cannabis Dispensing Organizations and Medical Cannabis Dispensing Organizations at any given time.
  - (4) Submission of a parking plan, subject to review and approval by the Community Development Director that denotes additional parking supply (including off-site) which can be used to meet the increased parking demands of the dispensary upon its initial opening.

**Sec 28.6.060 Medical Cannabis Cultivation Centers and Dispensing Organizations**

Medical cannabis cultivation centers and dispensing organizations require special use approval and are subject to strict compliance with 410 ILCS 130/1 et seq. In addition, a medical cannabis cultivation center may not be located within two thousand five hundred feet (2,500') of the property line of pre-existing public parks, and a dispensing organization may not be located within one thousand three hundred feet (1,300') ~~one thousand feet (1,000')~~ of the property line of pre-existing daycare centers, schools and public parks.
