## Electric Supplier Choice Confirmation

We have received notice that your electric supplier of choice is being switched to First Energy Solutions. This switch will take place within two business days of September 24, 2012.

Please note that your electric energy supplier may have been switched in accordance with a municipal aggregation program governed by the municipality in which the service address above is located. Please contact the municipality or check the municipality's website if you have questions about this municipality aggregation program. To learn more about municipal aggregation programs in general, please feel free to check our dedicated web page at [www.comed.com/muniag](http://www.comed.com/muniag)

ComEd will continue to *deliver* your energy supplied by First Energy Solutions in a safe and reliable way. If you have any questions about your delivery services, such as power outages, metering, moving to a new address or service requests, you may contact a ComEd Customer Service Representative at 1-800-Edison-1 for residential customers and 1-877-4-ComEd-1 for business customers.

If you enrolled with a supplier through the Internet you cannot cancel the enrollment and associated supply agreement without contacting your supplier directly. Please consult your new electric energy supplier, First Energy Solutions, with any questions you may have about your supply agreement and any early termination fees.

Please consult your new electric energy *supplier*, First Energy Solutions at (800) 977-0500, with any questions you may have about your supply agreement, if you wish to cancel this change, or if you have any questions about your electric supply.

Regards,

Laura Novy  
Vice President, Customer Care
