Managing Your Stormwater- What You Can Do

Presented by Karen Daulton Lange,
Stormwater Administrator, Village of Downers Grove
and Jim Kleinwachter, Conservation Program Manager,
The Conservation Foundation

Who Should Attend?

Are you affected by the ordinance?

Are you building a new home?

Are you adding an addition to your current home?

Do you have chronic wet areas?

Interested in what rain gardens are?

See how rain gardens can beautify your home and lower your stormwater costs.

Discover the steps on planning for, and installing a rain garden.

Get ideas for the best kinds of native plants to use.

Additional information

Learn about the changes to the Stormwater Utility.

Get information on the Stormwater Utility credits and incentives available.

Find out what the benefits of rain gardens are financially and aesthetically.

**Join us at Downers Grove Village Hall
801 Burlington Avenue
March 18th at 6:30pm
(Presentations begin at 7:00pm)
Come early, and stay after to meet with vendors to
discuss your
stormwater projects and needs.**

Partnering Organizations

**Please contact Megan Miles at
mmiles@downers.us or 630-493-8875 for any questions.
