

GENERAL FUND REVENUES-for the Ten Months Ending 10/31/2020

October 2020 YTD revenues are 3.8% or \$1,661K higher than October 2019 YTD largely due to the receipt of a CARES Act Grant of \$2.5M. In addition to the CARES Act dollars, Grant Revenue is higher (\$178K) due to monies from the HHS CARES Act Provider Relief fund and the Ground Emergency Medical Transport Program. Telecommunication Tax is behind last year (\$256K). The impact of COVID-19 is evident in most of the other revenues. Both Sales Tax and Home Rule Sales Tax are behind last year (\$430K and \$171K respectively). Also lower are Food and Beverage Tax (\$236K), Hotel Use Tax (\$553K), and Other Fees, Charges, & Fines (\$331K). The orange line in this graph represents a "target" of 87%. The target is calculated by taking the monthly budget divided by total budgeted revenue. Property taxes are received in two distributions - in June and September. Natural Gas Tax is seasonal with a greater portion received in the winter months. Building related permits are also seasonal, with a greater portion of revenue received in the summer.

Note: Sales tax is received from the state three months after the sale is made. For example, January sales taxes are from sales made in October. For the purposes of tracking the COVID-19 impact, the revenue presented is from actual sales of the presented month.
