

GREENER GROVE MAY MEETING

SUSTAINABILITY IN DOWNERS GROVE

Join Greener Grove and PDHA as we welcome guest speaker, Jason Michnick. As part of the Village's efforts to create its first Environmental Sustainability Plan, Jason will be leading an informal workshop with attendees to identify specific concerns and opportunities to include in the plan. Additionally, Jason will be discussing ways that residents can continue to engage in the creation of the plan and support its implementation in the future.
