RE: Disconnection of a Lot Located at the Southeast Corner of 60th Street and Fairview Avenue

I received a letter and a petition from Frank Wesolowski, an attorney representing Joseph and Maria Ivan, the owners of the subject property. It is their desire to be able to pursue development of this lot in the Village of Westmont rather than in the Village of Downers Grove as it is my understanding that the Village of Westmont has water which is closer and easier to gain access to and also as I believe Westmont may allow the Ivans to divide the subject property into two buildable sites where the Village's Zoning Ordinance would not support that because of the size and shape of the subject property.

The subject property is the only lot located on the east side of Fairview Avenue between approximately 65th Street and approximately 57th Street which currently is in the Village of Downers Grove. This particular lot was annexed December 13, 1965 under Ordinance No. 1122 which was prior to the Village entering into a boundary agreement line with the Village of Westmont which took place August 12, 1991 and was amended November 15, 1993..

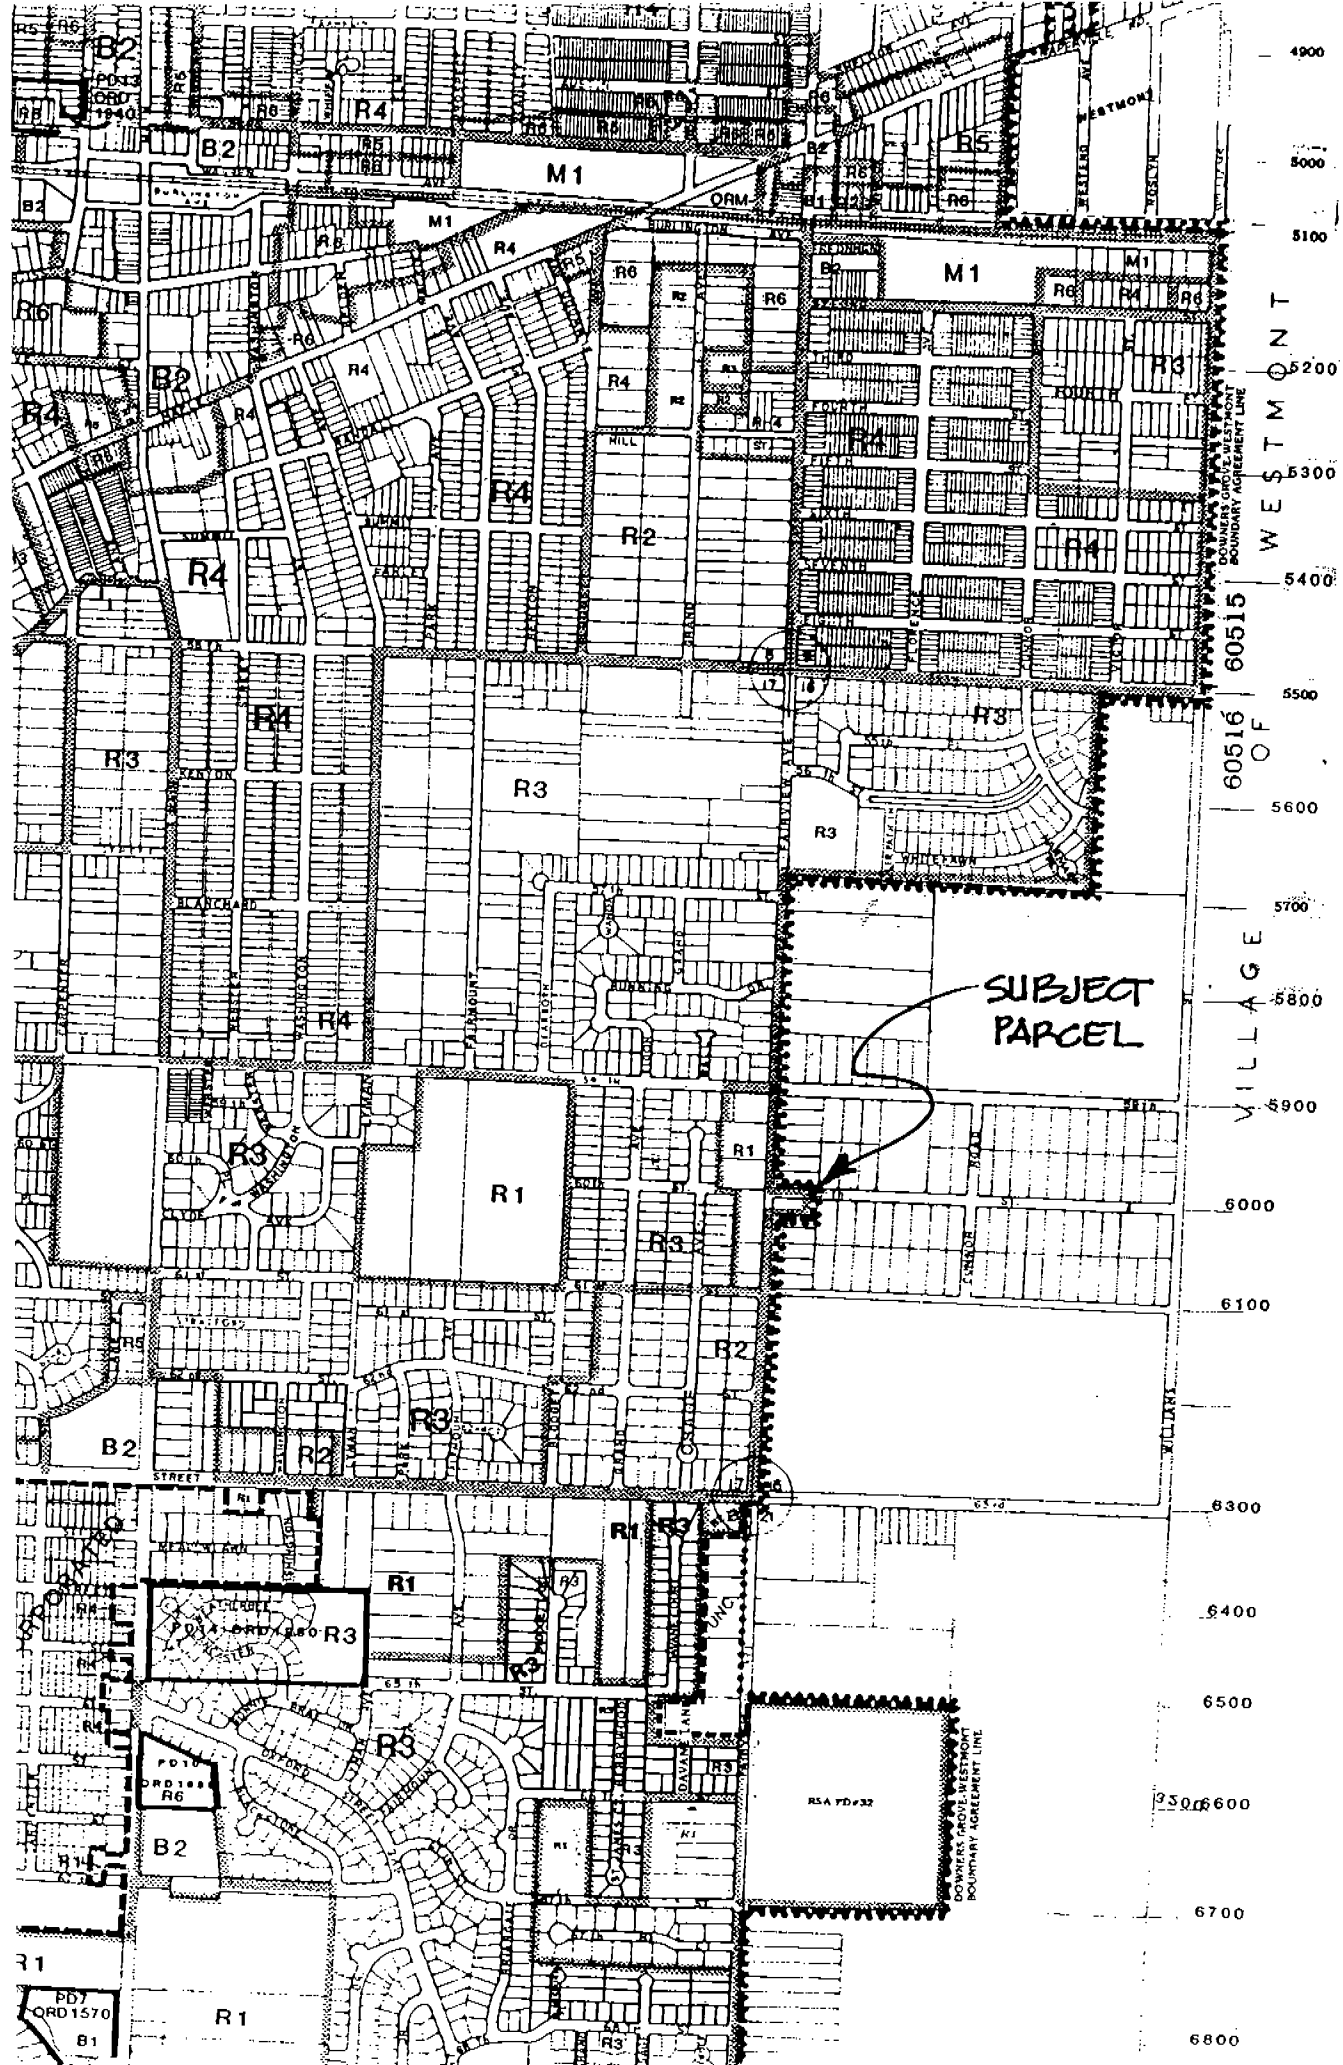

The proposal to disconnect this property does, I believe, have merit as it will even out the Village's boundary along this section of Fairview Avenue and would free up the Village from any maintenance obligation to 60th Street east of Fairview Avenue.

Mr. Wesolowski and I have discussed this matter briefly. He has indicated in his letter that before his clients undertake the expense of having a Plat of Disconnection prepared he would like to have an indication from the Village of Downers Grove that they would entertain this issue.

I would be more than pleased to discuss this matter with you in the very near future so that we can provide some direction and advice to Mr. Wesolowski for his clients' benefit.

Re: Petition for Disconnection
6001 S. Fairview

Dear Mr. Rathje:

Thank you for the courtesies extended during our recent discussions regarding Mr. and Mrs. Ivan's desire to disconnect their property from the Village of Downers Grove and annex the same to the Village of Westmont.

Enclosed please find the Ivan's Petition for Disconnection which formalizes their request to the Village for disconnection and provides what I believe is the required legal information. If the Village would entertain this request, we would appreciate a telephone call to advise of the proposed schedule for that consideration and so that we can have a Plat of Disconnection for the one lot prepared. We would also appreciate the Village's advice regarding any notice that they deem appropriate.

As we discussed, this disconnection will affect the Boundary Agreement between Downers Grove and Westmont. We are willing to draft any and all documents necessary to modify that agreement and will work with counsel for both Villages to prepare the necessary documents. As a second option, it appears it may be possible for the Village of Downers Grove to waive any objection it may have to this single Lot being incorporated into Westmont.

I have spoken with Westmont's Village attorney and he believes a Pre-Annexation Agreement may be prepared shortly; however, it will not be until the end of February that the lot immediately to the east will be incorporated into Westmont. Westmont is aware of its

obligations under the Boundary Agreement and will await action by Downers Grove allowing the modification before making more than a preliminary review of the Ivan's request.

If you have any questions, or need additional information regarding this request, please feel free to call me.

Very truly yours,
