

COUNCIL WORKSHOP ITEM

ITEM: Purchase of Laptop Computers for the Council and Staff
DATE: March 23, 2001
PREPARED BY: Liangfu Wu, Director of Information Services
PURPOSE: Council's approval
BID AMOUNT: **\$18,401** **ACCOUNT:** 001.111.0000.5735: \$13,300
001.121.0000.5735: \$5,735

DISCUSSION:

As the Village is gradually phasing out documents in hard copy format, the Village Council will receive necessary Council documents, e.g., Council packets and Manager's Memo, in the format of CD or direct download from the Internet. Each of the Village Council Commissioners will receive a laptop for her/his work involved with Village's business. The laptop will also allow the commissioners to have access to the Village's network via the Internet to obtain necessary documents and Email from both village staff and residents when they are on the road.

A wireless LAN (local area network) will be installed in both of the Committee Room and Council Chamber. As the Council laptop computers are carried into Village Hall, they will become part of Village's network so that commissioners can obtain necessary information for their meetings or inquiries. During the Council Meeting or Council Workshop, commissioners can view the documents, graphical presentation, e.g., Power Point, via the Village's Network, or directly access to the Internet. Such a meeting configuration will give the greater freedom to the Council in terms of the access to Village's file systems, intranet, etc .

After the installation the wireless laptop LAN in the Village Hall, no documents will be given to the Council in paper format; they will be distributed with CDs.

ATTACHMENT:

Three Quotes

RECOMMENDATION:

Purchase the laptop computers from CDW with a total cost of \$18,401. Fund is available as indicated above.
