DISCUSSION:

The Village of Downers Grove opened bids for the supply of Ready-Mix Concrete on Thursday, April 4, 2002. The Public Works Department received (2) two bids, one from Harry W. Kuhn and one from Meyer Material Company. In the past we have used both vendors for the supply of concrete, and had great service from both of them. As in the past several years, we have awarded the contract to two vendors. The reason for this is to eliminate scheduling conflicts. Sometimes a vendor may be able to supply us with concrete on any given day due to larger concrete orders. So having a second vendor works out very well. Meyer Materials' price per yard for a gallon bag mix \$74.30, Harry Kuhn's price is \$76.00 per yard. There is a \$1.78 difference in price per yard between the two vendors.

RECOMMENDATION:

Public Works staff recommendation to the Village Council is to award the contract for the supply of Ready-Mix Concrete for FY 2002/2003 to both Meyer Material and Harry W. Kuhn. It is Public Works goal not to exceed the budgeted amount of dollars for concrete.

Place this item on the Workshop Agenda for April 23, 2002 for Council review and consideration.
