DISCUSSION:

The Village of Downers Grove opened bids for the supply of bituminous cold mix and bituminous concrete mix from K-Five Construction Corp. of Lemont and Harry W. Kuhn, Inc. of Wheaton. The original contract was awarded in Fiscal Year 2001/2002. This will be the first extension. As is in the past several years we have awarded the contract to two vendors. The reason for this is the flexibility of getting different types of asphalt mixes when needed. On any given day our schedules could conflict when the plant is making one type of mix and we need another type.

RECOMMENDATION:

Public Works recommendation to the Village Council is to approve the contract extensions for FY 2003 / 2004 to both K-Five Construction Corp. and Harry W. Kuhn, Inc. It is the goal of the Pavement Division not to exceed the budgeted amount of \$3,500 in Account 001.342.0000.5255 for cold mix and \$71,000 in Account 102.342.0000.5470 for hot mix.

Place this item on the workshop agenda for April 22, 2003 for Council review and consideration.
