ITEM: Illinois Law Enforcement Alarm System Mutual Aid Plan
DATE: December 2, 2002
PREPARED BY: Chief Robert A. Porter
PURPOSE: To Seek Council Approval by Resolution

DISCUSSION:

This agreement is made in recognition of the fact that natural or man-made occurrences may result in emergencies that exceed the resources, equipment and/or law enforcement personnel of a law enforcement agency. Each law enforcement agency who signs a copy of this agreement has and does express its intent to aid and assist the other participating law enforcement agencies during an emergency by assigning some of their resources, equipment, and/or law enforcement personnel to the affected law enforcement agency as circumstances permit and in accordance with the terms of this agreement. The specific intent of this agreement is to safeguard the lives, people, and property of citizens during an emergency by enabling other law enforcement agencies to provide additional resources, equipment and/or law enforcement personnel as needed.

Illinois Law Enforcement Alarm System

Mutual Aid Plan

Purpose

The Illinois Law Enforcement Alarm System (ILEAS) is a statewide law enforcement mutual aid system. The purpose of ILEAS is:

- To provide immediate extra law enforcement manpower and equipment at the scene of law enforcement emergencies.
- To provide for an automatic and systematic response of law enforcement manpower teams.
- To provide for contractual responsibilities and liabilities.
- To provide broad area coverage.
- To foster a cooperative spirit for law enforcement emergency planning.
- To provide access to specialized manpower and equipment which no one department could afford to maintain.

ILEAS does not relieve a community of its responsibility to provide adequate manpower and equipment for day-to-day law enforcement operations. Each agency has its first line of defense and its reserves. A community may only report to ILEAS when a law enforcement emergency has caused the agency to exceed its own routine capabilities.

Definitions

Aiding Agency: An agency furnishing law enforcement manpower and equipment to a stricken agency.

Alarm Log: A form used by the ILEAS dispatcher at the Dispatch Center to record the response to a mutual aid request.

Disaster: An emergency situation that threatens or causes loss of life and property, and exceeds the physical and organizational capabilities of a unit of local government. Generally, the word "Emergency" within this document refers to situations connected to a law enforcement response to severe storms, floods, hazardous material incidents, transportation accidents, large fires, or situations which are beyond the ability of the individual agency to deal with effectively in terms of manpower and equipment resources on hand at a given time.

Mutual Aid: A prearranged written agreement and plan whereby regular response and assistance is provided in the event of alarms (emergencies) from a stricken agency by the aiding agencies in accordance with the law enforcement alarm assignments as developed by the agency heads of the participating law enforcement agencies.

ILEAS Dispatcher: The Dispatch Center is responsible for the coordination and assignment of law enforcement mutual aid personnel under this plan. The Dispatch Center will handle most requests for mutual aid. The Alternate Dispatch Center will handle the activities should the primary dispatcher become involved in an emergency.

Law Enforcement Alarm Area: A geographic area in which a Law Enforcement Alarm location exists.

Law Enforcement Alarm Assignment: A predetermined listing of manpower and equipment that will respond to aid a stricken agency. It includes a series of law enforcement response levels (Plans) designed to meet the needs of varying degrees of emergencies.

Law Enforcement Alarm Card: A printed form containing details of manpower and equipment to respond to a specific law enforcement plan request.

Law Enforcement Officer: An employee of a participating law enforcement agency who is a peace officer (as defined by state law and the Illinois Law Enforcement Training and Standards Board or federal law) and by virtue of his office or public employment, is vested by the state or federal law with the primary duty of maintaining public order and making arrests for violations of state or federal law.

Squad Car: A law enforcement vehicle that is equipped with mounted or portable warning lights and has communications equipment.

Staging Area: A predetermined location outside the immediate emergency area where law enforcement personnel and equipment will assemble.

Staging Area Supervisor: An officer from the stricken agency assigned to coordinate activities and log in responding personnel at the staging area.

Stricken Agency: The agency in which an emergency occurs that is of such magnitude that it cannot be adequately handled by the local law enforcement agency.

The ILEAS Alarm Card

The ILEAS emergency plan consists of a series of manpower response levels designed to meet the needs of varying degrees of emergencies. At the same time, the plan ensures that aiding agencies maintain adequate manpower levels in their own communities.

Member agencies divide their areas into Law Enforcement Alarm Areas. Each area is assigned a unique Law Enforcement Alarm number and a Law Enforcement Alarm Card is developed. Predetermined responses of manpower and equipment from adjacent agencies are then listed on this card.

An ILEAS Level 1 Alarm summons five (5) law enforcement officers (one officer from five different agencies) to respond to a staging area. If an emergency continues to escalate, and more manpower is needed, the stricken agency can request additional alarms, a Level 2, 3, 4, up to 10. Each alarm brings more manpower and equipment to the staging area.

In case of high life hazard, the stricken agency may choose to call a large amount of manpower and equipment to the staging area quickly. The stricken agency can skip as many alarm plans as necessary to fulfill their manpower requirements. A Level 3 would immediately bring to the staging area all of the manpower and equipment listed in alarm Levels 1, 2 and 3.

The Law Enforcement Alarm Card contains the following information:

Agency Name and Telephone Number

The name and telephone number of the agency for which the Law Enforcement Alarm Card was developed.

Law Enforcement Alarm

Assignments

A chart that lists ten (10) Law Enforcement Alarm levels with their corresponding assignment of aiding agencies.

Law Enforcement Alarm

Locations

A listing of Law Enforcement Alarm Locations, each covering its own Law Enforcement Alarm area within the agency. A unique Alarm Number identifies each alarm. A Staging Area name, address and location description is provided for each alarm.

Procedure For Requesting A Law Enforcement Alarm

- Any supervisor, regardless of rank, is authorized to call into effect a Law Enforcement Alarm Plan of any level which, in their opinion, is requested to bring an emergency situation under control.
- After determining the Law Enforcement Alarm and Plan level needed to bring the situation under control, the stricken agency, through its law enforcement dispatcher, will immediately contact the ILEAS dispatcher and provide the following information:
 - The name of the requesting agency,
 - The Law Enforcement Alarm Number requested
 - The Law Enforcement Alarm Plan Level Requested.
 - The nature of the incident.
 - Any other special details or instructions for responding personnel.
- The ILEAS dispatcher will check the corresponding Law Enforcement Alarm Card and notify those departments due to respond to the stricken agency's alarm.
- Agencies due to respond will acknowledge the mutual aid request and, unless otherwise directed, immediately dispatch the required manpower to the appropriate Staging Area,
- If an agency cannot, because of an existing situation, immediately send the required manpower due on an alarm, they must notify the ILEAS dispatcher immediately so that fill-in manpower can be assigned from the next Plan level.
- The stricken agency will assign an officer to act as the Staging Area Supervisor. The Staging Area Supervisor will report to the Staging Area and will log in and coordinate the assignment of ILEAS personnel as they arrive.

Unless otherwise directed, each law enforcement officer assigned to respond to a Law Enforcement Alarm will respond in uniform, or otherwise clearly identified, and in a Squad Car. No law enforcement officer will respond to a mutual aid request unless directed by his department.

Operations At The Emergency Site

The initial responsibility of the stricken agency at the emergency site is to evaluate the extent of the emergency situation and take immediate steps to insure that adequate law enforcement manpower and equipment are made available.

The officer-in-charge, of the stricken agency, shall assume full responsibility and command for operations at the scene. He will assign personnel and equipment, of the aiding agencies, to positions when and where he deems necessary. Some suggested uses of mutual aid personnel are:

- Provide care and aid to injured.
- Search and rescue operations.
- Evacuation.
- Traffic and crowd control.
- Perimeter security.
- Maintain regular law enforcement service.

As a general rule, mutual aid personnel will supplement the stricken agency's forces, and as such, should not be assigned to hazardous duties when adequate manpower from the stricken agency exists.

As much as possible, one common radio frequency will be utilized by all law enforcement agencies involved. Initial response will be coordinated through ISPERN. Ground voice communications operations will be conducted on another frequency agreed to by the regional response units, i.e., IREACH. Those officers not having the agreed upon frequency should be assigned to positions not needing immediate communications or assigned with an officer having access to the frequency.

Due to the differences in ten-signals, common English language will be used in contrast to codes and ten-signals.

The incident commander, of the stricken agency, shall ensure that mutual aid personnel are released and returned to duty with their own agencies as soon as the situation is restored to the point, which permits the stricken agency to satisfactorily handle it with its own resources.

Terminating A Law Enforcement Alarm

Whenever a plan has been implemented, the officer-in-charge, for the stricken agency, shall terminate the alarm when adequate law enforcement personnel have responded. This means that the situation is now under control, but that the emergency is not necessarily terminated. Notice of said termination shall be made to the ILEAS dispatcher at Dispatch Center.

The order in which the manpower is returned to duty with their own agencies is at the discretion of the officer-in-charge for the stricken agency.

ILLINOIS LAW ENFORCEMENT ALARM SYSTEM

Mutual Aid Agreement

The undersigned law enforcement agencies agree pursuant to the Constitution of the State of Illinois (Ill. Const. Art. VII, sec. 10), the Illinois Intergovernmental Cooperation Act (5 ILCS 220/1 et seq.), the Local Governmental and Governmental Employees Tort Immunity Act (745 ILCS 10/7-101 et seq.) and the Illinois Municipal Code (65 ILCS 5/11-1-2.1), as follows:

Section 1

Purpose of Agreement

This Agreement is made in recognition of the fact that natural or man-made occurrences may result in emergencies that exceed the resources, equipment and/or law enforcement personnel of a law enforcement agency. Each law enforcement agency who signs a copy of this Agreement has and does express its intent to aid and assist the other participating law enforcement agencies during an emergency by assigning some of their resources, equipment and/or law enforcement personnel to the affected law enforcement agency as circumstances permit and in accordance with the terms of this Agreement. The specific intent of this Agreement is to safeguard the lives, people and property of citizens during an emergency by enabling other law enforcement agencies to provide additional resources, equipment and/or law enforcement personnel as needed.

Section 2

Definitions

For the purpose of this Agreement, the following terms are defined as follows:

Aiding law enforcement agency: A participating law enforcement agency that provides resources, equipment and/or law enforcement personnel to a stricken law enforcement agency during an emergency.

Disaster: An occurrence or threat of widespread or severe damage, injury or loss of life or property resulting from any natural or technological cause, including but not limited to fire, flood, earthquake, wind, storm, hazardous materials spill or other water contamination requiring emergency action to avert danger or damage, epidemic, air contamination, blight, extended periods of severe and inclement weather, drought, infestation, critical shortages of essential fuels and energy, explosion, riot, hostile military or paramilitary action, or acts of domestic terrorism.

Emergency: A natural or man-made situation that threatens or causes loss of life and property and exceeds the physical and organizational capabilities of a unit of local, state or federal government.

Law enforcement personnel: An employee of a participating law enforcement agency who is a peace officer (as defined by state law and the Illinois Law Enforcement Training and Standards Board or

federal law) and by virtue of his office or public employment, is vested by the state or federal law with the primary duty of maintaining public order and making arrests for violations of state or federal law.

Mutual aid: A definite and prearranged written agreement and plan whereby regular response and assistance is provided in the event of a natural or man-made emergency.

Participating law enforcement agencies: A law enforcement agency that commits itself to this mutual aid agreement by having an authorized representative sign this Agreement.

State: The term *state* refers exclusively to the State of Illinois.

Stricken law enforcement agency: A participating law enforcement agency who has primary jurisdiction over the site of the emergency but due to insufficient resources, equipment and/or law enforcement personnel is unable to provide an adequate response to an emergency without the assistance of others.

Section 3

Agreement to Effectuate the Mutual Aid Plan

Each undersigned party agrees that in the event of an emergency, they will respond to requests for assistance by a stricken law enforcement agency with such law enforcement personnel, equipment, facilities, or services as is, in the opinion of the aiding law enforcement agency, available. Provided, however, that each party reserves the right to refuse to render assistance or to recall any or all rendered assistance, whenever it believes that such refusal or recall is necessary to ensure adequate protection of its own jurisdiction or personnel.

It is expected that requests for mutual aid under this Agreement will be initiated only when the needs of the stricken agency exceed its resources. Aiding agencies will be released and returned to their own jurisdictions as soon as the situation is restored to the point where the stricken agency is able to satisfactorily handle the situation with its own resources or when an aiding agency decides to recall its assistance.

Whenever an emergency is of such magnitude and consequence that it is deemed advisable by the senior officer present, of the stricken law enforcement agency, to request assistance from an aiding law enforcement agency, he is hereby authorized to do so, under the terms of this mutual aid agreement. The senior officer present of the aiding law enforcement agency is authorized to and shall forthwith take the following actions:

- Immediately determine what type of assistance is being requested.
- Immediately determine if the requested resources, equipment and/or law enforcement personnel can be committed to the stricken law enforcement agency.
- Immediately dispatch the resources, equipment and/or law enforcement personnel that are available to the stricken law enforcement agency.

At the emergency site, the most senior officer of the stricken law enforcement agency who is present shall assume full responsibility and command for law enforcement operations at the scene. Law enforcement personnel from the aiding agencies shall report to and shall work under the direction and supervision of the stricken agency. Provided, however, that at all times, the personnel of the aiding agencies shall remain employees of their own agency and shall adhere to the policies and procedures of their own employer. While working under the direction of the aiding agency, law enforcement personnel shall only be required to respond to lawful orders.

All services performed under this Agreement shall be rendered without reimbursement, regardless of the possibility of reimbursement from the requesting agency or other sources. Each participating law enforcement agency shall assume sole responsibility for indemnifying their own employees, as provided by state or federal law and/or local ordinance, and for providing personnel benefits, including benefits that arise due to injury or death, to their own employees as required by state or federal law. Each participating agency shall also be responsible, regardless of fault, for repairing or replacing any damage to their own vehicles or equipment that occurs while providing assistance under this Agreement.

The participating agencies agree that this Agreement shall not give rise to any liability or responsibility for the failure to respond to any request for assistance made pursuant to this Agreement. This Agreement shall not be construed as or deemed to be an Agreement for the benefit of any third party or parties, and no third party or parties shall have any right of action whatsoever hereunder for any cause whatsoever.

The participating agencies further agree that each agency will be responsible for defending their own respective entity in any action or dispute that arises in connection with or as the result of this Agreement and that each agency will be responsible for bearing their own costs, damages, losses, expenses, and attorney fees.

The chief law enforcement officers of the participating agencies will maintain a governing board and establish an operational plan for giving and receiving aid under this Agreement. Said plan will be reviewed, updated and tested at regular intervals.

Section 4 Adoption

This mutual aid agreement shall be in full force and in effect when approved and executed by a representative of a participating law enforcement agency who has the legal authority to sign and enter into this Agreement on behalf of his law enforcement agency.

Section 5 Termination

Any participating law enforcement agency may withdraw from this Agreement upon giving ninety (90) days written notice addressed to each of the other participating agencies.

**Section 6

Each community has and does express its intent to assist its neighboring communities by assisting some of its manpower and equipment resources to an affected community as resources and situations allow. The specific intent of this agreement is to permit the police departments of each community to more fully safeguard the lives, persons, and property of all residents.

Section 7

By a two-third vote of the Governing Board, any agency found responsible of any behavior detrimental to law enforcement or whose continued membership would prove detrimental to ILEAS, shall be suspended or expelled from membership. Before any member may be suspended or expelled, the member will be notified of the hearing and shall have a right to appear before the Governing Board.

All officers may be reelected or appointed for additional terms of office. The Secretary, Treasurer and Sergeant of Arms are appointed by the Co-Chairmen with approval by the Governing Board. Vacancies to the position of Co-Chairmen within the two-year term will be appointed by the remaining Co-Chairmen subject to approval by the Governing Board.
