

COUNCIL WORKSHOP ITEM

ITEM: Renewal of Contract for Outsourcing Fire Prevention Bureau Plan Review Documents
DATE: April 30, 2004
PREPARED BY: Division Chief Hoffman, Fire Prevention Bureau
PURPOSE: Increase Customer Service and Efficiency for Plan Reviews

DISCUSSION:

While over 13,000 fire inspections are awaiting their annual inspection, many more construction projects are planned this year within the Village. In order for these construction projects to begin, the Fire Prevention Bureau must complete a thorough plan review. The plan review is a very important step in the pre-construction phase, outlining the various life-safety devices such as sprinkler heads, sprinkler systems and heat and smoke detectors necessary for Code compliance. An incomplete or missed plan review can have serious legal and financial consequences for the Village. After going through the requisite RFP process, the Fire Prevention Bureau has selected Fire Safety Consultants, Inc. as the contractor of choice based upon experience, services offered and pricing. Fire Safety Consultants, Inc. will assess an administrative fee based upon a percentage of the overall cost of the plan review. This administrative fee, which is normal and customary, will be forwarded to the Fire Prevention Bureau on a per plan basis. This system will provide a higher customer service level allowing larger projects to be outsourced for review. The Fire Prevention Bureau is seeking Village Council approval to contract with Fire Safety Consultants, Inc.
