5. Project Description:

A. Problem Statement:

The number of crashes reported in 2006 was 2,025 or an increase of 2.3% over 2005 when 1,978 crashes were reported. Over the past three years, the Downers Grove Police Department has handled on average 1,991 traffic accidents per year. The Village's five year plan and goals for 2006-2011 identified "Preservation of the Residential and Neighborhood Character". A supporting objective of this statement is "Safe and Secure Neighborhoods". This grant will assist the Village in achieving its goal by providing data expeditiously which in the long run will reduce the incidence of crashes and increase public safety.

B. Background:

Our enforcement encompasses an area of thirteen square miles in the Village of Downers Grove of DuPage County. Downers Grove is located twenty-one miles west of the City of Chicago; an area served by several major roadways and highways that feed into the community. These roadways include interstates I-355 and I-88, Route 34, and 75th Street. The Village of Downers Grove serves a population of 48,724. The Village of Downers Grove is home to more than 2,500 businesses, including such hotels as the Marriott, Doubletree Guest Suites, and the Holiday Inn.

See Attached.

C. Program Goals and Objectives:

The primary goal of this project is to increase electronic reporting of crash reports to 50% of total reports filed with IDOT - Department of Traffic Safety within one year of grant inception. In-car printers will ultimately allow report writing and data transfer to be performed more expeditiously. In-car printers provide a more timely availability of data for reporting, as well as increased legibility and accuracy of reports. Funding for in-car printers will allow the Downers Grove Police Department to provide a more effective and efficient delivery of village services to meet the challenges of the 21st century.

D. Method of Procedures:

The Village will commit to using the Mobile Crash Reporting System (MCR) within 3 months of receiving a grant. The Village will adopt a plan to achieve a 50% submittal rate of crash reports using MCR within 1 year of receiving a grant and a 100% submittal rate within 2 years of grant inception.

See Attached.

E. Assessment and Evaluation:

Currently, the Village of Downers Grove doesn't submit crash reports through MCR. Within the first year of receiving a grant, the Village will achieve a 50% submittal rate of crash reports through MCR. Then, within two years of grant inception, the Village will submit 100% of its crash reports through MCR. The evaluation will be completed by Sgt. Harrison on a monthly basis.

8. Highway Safety Project Agreement Conditions and Certifications

The following certifications, assurances, general conditions of approval and procedural guidelines constitute a part of the Highway Safety Project Agreement. Signatories of the Highway Safety Project Agreement Conditions and Certifications agree that these conditions and procedures will be adhered to unless amended in writing. Any State or Federal statute, administrative rule, regulation or other publication referred to in this agreement may not contain the complete language. The official published text, which is incorporated herein by reference, shall be the controlling authority for this agreement.

State of Illinois Certifications, Assurances and Conditions of Approval

- A. **Laws of Illinois.** The Highway Safety Project Agreement ("AGREEMENT") between the Applicant Agency ("GRANTEE") and the Illinois Department of Transportation ("DEPARTMENT") shall be governed in all respects by the laws of the State of Illinois.
- B. **Agreement Alterations or Modifications.** All alterations or modifications to the AGREEMENT provisions, conditions or certifications must be requested in writing and must be approved by the DEPARTMENT in writing, before work is started, to become effective and part of the AGREEMENT. No oral understanding or agreement shall be binding upon either party.
- C. **Procurement Procedures.** All procurement transactions for contractual services, commodities and equipment shall be conducted in a manner that provides maximum open and free competition. The GRANTEE shall also meet the following minimum procedural requirements, as well as any specific procedures written into the narrative of this agreement.
 1. Solicitations of offers shall include a description of the technical requirements for the products or service to be procured.
 2. Awards shall be made only to responsible bidders that can meet the preceding requirements.
 3. Small purchase procedures, which consist of obtaining verbal or written price or rate quotations from at least three qualified sources, may be used for products or services having a total value of not more than \$10,000.00. Purchase is to be made from vendor with lowest quote.
 4. Formal advertising procedures shall be used for products, which may include associated nonprofessional services having a total value of more than \$10,000.00. An invitation for bids, with item specifications and supplier requirements, shall be publicly advertised. In addition, bids shall be solicited from an adequate number of known suppliers. Bids shall be opened publicly and a fixed-price contract award made to that responsible bidder whose bid, conforming to the invitation for bids, is lowest, unless that bid is rejected because of sound and documented business reasons to further the best interest of the project.
 5. Competitive negotiation procedures shall be used to procure services having a total value of more than \$10,000.00. The Request for Proposal shall be publicized and proposals shall be solicited from an adequate number of qualified sources. Negotiations are normally conducted with more than one source and a cost-reimbursement contract shall be awarded based on a technical evaluation of the proposals received. Award may be made to the responsible offeror whose proposal will be most advantageous to the procuring party, price and other factors considered. Unsuccessful offerors should be notified promptly.
 6. Non-competitive negotiation, the procurement through solicitation of a proposal from one source, is allowed if the products or services are available only from a single source or, if after a number of sources have been solicited, competition is determined inadequate. The DEPARTMENT must authorize this procedure.
 7. The GRANTEE will take all necessary affirmative steps to assure that minority firms, women's business enterprises and labor surplus area firms are used when possible.
 8. The GRANTEE shall maintain records sufficient to detail the significant history of procurement. These records shall include, but are not necessarily limited to, information on pertinent to: rationale for the method of procurement, selection of contract type, contractor selection or rejection and basis for the cost or price.

9. No employee or representative of the DEPARTMENT or the GRANTEE shall participate in the procurement of products or services if a conflict of interest, real or apparent, would be involved. Nor shall such persons solicit or accept anything of monetary value from bidders or suppliers.
 10. The GRANTEE must comply with any special conditions detailed in the contract, the Illinois Procurement Code (30 ILCS 500) and any local ordinances or regulations.
- D. **Requirements for Consultant Contracts and Subcontracts.** After a consultant and/or subcontractor is selected in accordance with all requirements of this AGREEMENT including the Section titled Procurement Procedures, as detailed herein, the consultant contract or subcontract shall be submitted to the DEPARTMENT for approval prior to execution. The GRANTEE and consultant and/or subcontractor are subject to all conditions and certifications of this AGREEMENT and 49 CFR Part 18, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Government or 49 CFR Part 19 Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations, whichever is applicable.
- E. **Travel Out of State.** All out of state travel requires specific approval from the DEPARTMENT on a case by case basis. To allow adequate time for approval, out of state travel must be submitted for approval at least 30 days prior to the planned trip.
- F. **Method of Payment.** Funds shall not be advanced to the GRANTEE but rather reimbursed for actual expenditures upon submission of proper supportive documentation. Copies of the original source records which evidence all expenditures shall be submitted with claims for reimbursement of costs. Only those costs incurred within the approved project period and budget are eligible for reimbursement.
1. Because the DEPARTMENT is responsible for obtaining federal reimbursement for project expenditures, it is necessary that the DEPARTMENT monitor all procedures and documents which will be used to claim and support project related expenditures. Original documentation to verify the amounts, uses and recipients of all disbursements of funds shall be retained in accordance with 49 CFR Part 18, Subpart A, Section 18.42 and shall be available for audit at any time during the project and retention period.
 2. Proper supportive documentation required for costs incurred is described in the guidelines entitled, "Procedures for Submittal of Claims for Reimbursement", incorporated herein by reference and which shall be furnished by the DEPARTMENT to the GRANTEE with the executed AGREEMENT.
 3. Claims for reimbursement shall be in accordance with the rates established in the Proposed Project Budget established in this AGREEMENT and shall be submitted on a monthly or quarterly basis. All claims shall be signed by both the Project Director and the GRANTEE'S Authorizing Representative. The final claim for reimbursement must be received by the DEPARTMENT by November 1st or within 30 days following the expiration of the grant, whichever is earlier, to receive payment.
 4. Claims for reimbursement by the GRANTEE to the DEPARTMENT pursuant to this AGREEMENT shall be sent to your assigned Department contact.
- G. **Allocation of Grant Funds.**
1. The GRANTEE may spend only those funds which are eligible for reimbursement by the DEPARTMENT. This grant authorizes the GRANTEE to request reimbursement for no more than the limits established by the Proposed Project Budget.
 2. Prior approval from the DEPARTMENT is required for all fund transfers between cost categories of the Proposed Project Budget. The GRANTEE must submit a written request to the DEPARTMENT detailing the amount of transfer, the cost categories from and to which the transfer is to be made, and the rationale for the transfer.

H. **Termination or Cancellation of the Highway Safety Project Agreement.** No termination or cancellation of the AGREEMENT shall be effective unless the following conditions are met.

1. The obligation of the State of Illinois and the DEPARTMENT shall cease immediately without penalty or further payment being required if, in any fiscal year, the Illinois General Assembly or Federal funding source fails to appropriate or otherwise make available funds for the contract.
2. This AGREEMENT may be terminated or cancelled by either party upon thirty (30) days written notice.
3. Failure to carry out the conditions set forth herein shall constitute a breach of the AGREEMENT and may result in termination of the AGREEMENT or such remedy as appropriate. Upon termination, the GRANTEE will be paid for work satisfactorily completed prior to the date of termination.

I. **Project Monitoring.**

1. The GRANTEE agrees to submit a report monthly or as otherwise stipulated in the AGREEMENT of all safety activities related to the grant and/or contract using the template provided by the DEPARTMENT. Additionally the GRANTEE must inform the DEPARTMENT as soon as possible of any issues/events that may have significant impact on grant activity or accomplishment.
2. The GRANTEE agrees to attend quarterly progress meetings upon request of the DEPARTMENT to provide information and discuss the accomplishments and expectations of the Highway Safety Project.
3. The DEPARTMENT may conduct periodic on-site reviews of all ongoing highway safety projects to monitor adherence to the AGREEMENT and to review progress, procedures and claims for reimbursement.
4. The final report shall be submitted to the DEPARTMENT within 30 days after the expiration date of the project or as stipulated in this AGREEMENT.
5. GRANTEE will obtain prior approval from the DEPARTMENT with respect to all enforcement locations.

The inability of a prospective GRANTEE to certify to the certification in this section will not necessarily result in denial of participation in this AGREEMENT. The prospective GRANTEE shall submit an explanation of why it cannot provide the certification in this section. This certification is a material representation of fact upon which reliance was placed when the Department determined whether to enter into this transaction. If it is later determined that GRANTEE knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Department may terminate this Agreement for cause. The GRANTEE shall provide immediate written notice to the Department if at any time the GRANTEE learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this Part shall have the meaning set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.

The GRANTEE agrees that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized, in writing, by the Department. The GRANTEE agrees that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction", provided by the Department, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions. The GRANTEE may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless GRANTEE knows the certification is erroneous. GRANTEE may decide the method and frequency by which it determines the eligibility of its principals. Each GRANTEE may, but is not required to, check the Nonprocurement List. If a GRANTEE knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation, in addition to other remedies available to the federal government, the DEPARTMENT may terminate this AGREEMENT for cause or default.

Nothing contained in this section shall be construed to require establishment of a system of records in order to render in good faith the certification required by this section. The knowledge and information of a GRANTEE is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
