

**VILLAGE OF DOWNERS GROVE
REPORT FOR THE VILLAGE COUNCIL MEETING
JANUARY 18, 2011 AGENDA**

SUBJECT:	TYPE:	SUBMITTED BY:
First Addendum to Subdivision Improvement Agreement for Nelson Meadow	<ul style="list-style-type: none"> ✓ Resolution Ordinance Motion Discussion Only 	Enza Petrarca Village Attorney

SYNOPSIS

A resolution has been prepared adopting the First Addendum to a Subdivision Improvement Agreement between the Village of Downers Grove, Joel Andersen and Joel Andersen Homes, Ltd. The addendum divides the subdivision into Phase I and Phase II and modifies the timing for completion of certain public improvements.

STRATEGIC PLAN ALIGNMENT

The Strategic Plan Goals for 2011 to 2018 include *Top Quality Infrastructure*.

FISCAL IMPACT

N/A

RECOMMENDATION

Approval on the February 2, 2010 active agenda, subject to the condition that the Mayor shall execute the First Addendum upon the developer's submittal of the required letter of credit guaranteeing completion of the public improvements.

BACKGROUND

The Nelson Meadow subdivision was originally approved in February 2006. The subdivision is located on the east side of Brookbank Road, north of Jefferson Avenue and west of Carpenter Street. The neighborhood surrounding the development is built out with single family residences. The subject property is approximately 4.8 acres and zoned R-3 Single Family Residence.

The original approval allowed for the division of the property into 11 lots as well as public improvements including stormwater detention facilities, streets, sidewalks, etc. As a condition of the original approval, the developer entered into a Subdivision Improvement Agreement with the Village. This agreement described the terms for development of the site and completion of the public improvements.

In September 2006, the developer decided to put the project on hold due to economic conditions. As such, the property remains undeveloped. In May 2010, the developer approached the Village with the request to separate the development into phases. The proposed phasing plan will modify the timing for completion of certain public improvements and will permit the developer to construct homes on Lots 9-11 (adjacent to Carpenter Street). The phasing plan is described below:

Nelson Meadow – Phase I (Lots 9 – 11 and related public improvements and the entire detention basin)

1. Developer agrees to post a security sufficient to cover all Phase I and Phase II public improvements.
2. Developer agrees to construct full detention basin.
3. Developer agrees to construct all other Phase I public improvements including sidewalks along Carpenter Street.
4. Village agrees to permit construction on Lots 9-11 (adjacent to Carpenter Street).
5. Village agrees to delay Phase II improvements.
6. Upon completion of the Phase I improvements, the Village agrees to reduce security in an amount sufficient to cover Phase II improvements.

Nelson Meadow – Phase II (Lots 1-8 and related public improvements)

1. Developer agrees to substantially complete Phase II improvements including streets, curb and gutter, sewer and water lines etc. prior to receiving building permits for Lots 1-8 pursuant to the Subdivision Improvement Agreement terms.
2. Developer agrees to maintain a security sufficient to cover the Phase II improvements until Phase II improvements are complete.
3. Village agrees to permit construction on Lots 1-8 once the Phase II improvements are substantially completed.

The draft addendum reflects these concepts. The phasing of the subdivision will allow construction that is in substantial conformance with the original approval. No development will be permitted until the Village has reviewed and approved the engineering plans. All conditions at approval shall remain in effect.

RESOLUTION NO. _____

**A RESOLUTION AUTHORIZING EXECUTION OF A
FIRST ADDENDUM TO THE SUBDIVISION IMPROVEMENT AGREEMENT
BETWEEN THE VILLAGE OF DOWNERS GROVE, JOEL ANDERSEN
AND JOEL ANDERSEN HOMES, LTD.**

BE IT RESOLVED by the Village Council of the Village of Downers Grove, DuPage County, Illinois, as follows:

1. That the form and substance of a certain Subdivision Improvement Agreement (the “Agreement”), between the Village of Downers Grove (“Village”) and Joel Andersen (“Owner”) and Joel Andersen Homes, Ltd. (“Developer”) for improvements to the Nelson Meadows Subdivision, as set forth in the form of the Agreement submitted to this meeting with the recommendation of the Village Manager, is hereby approved.

2. That the Village Manager and Village Clerk are hereby respectively authorized and directed for and on behalf of the Village to execute, attest, seal and deliver the Agreement, substantially in the form approved in the foregoing paragraph of this Resolution, together with such changes as the Manager shall deem necessary.

3. That the proper officials, agents and employees of the Village are hereby authorized and directed to take such further action as they may deem necessary or appropriate to perform all obligations and commitments of the Village in accordance with the provisions of the Agreement.

4. That all resolutions or parts of resolutions in conflict with the provisions of this Resolution are hereby repealed.

5. That this Resolution shall be in full force and effect from and after its passage as provided by law.

Mayor

**FIRST ADDENDUM
TO THE SUBDIVISION IMPROVEMENT AGREEMENT BETWEEN
THE VILLAGE OF DOWNERS GROVE, JOEL ANDERSEN AND
JOEL ANDERSEN HOMES, LTD.**

The Village of Downers Grove (“Village”) and Joel Andersen (“Owner”) and Joel Andersen Homes, Ltd. (“Developer”) entered into a Subdivision Improvement Agreement dated September 20, 2006 (the “Agreement”). Pursuant to the terms and conditions stated therein, the parties desire to amend the agreement as follows:

1. The 4th WHEREAS CLAUSE shall be amended by deleting PIN 09-17-108-015 and adding PINs 09-17-108-016, -017, -018, -019, -020, -021, -022, -023, -024, -025 & -026.

2. SECTION 2. INSTALLATION OF IMPROVEMENTS. Shall be amended by adding the following at the end of the first paragraph:

The Developer may install the Public Improvements in two phases. Phase I shall consist of all the Public Improvements related to Lots 9 through 11, which front Carpenter Street, including but not limited to the completion of the stormwater detention basin to accommodate the entire subdivision, sidewalks, etc, as more accurately depicted on the engineering drawings prepared by CM Lavoie and Associates, dated January ____, 2011, attached hereto and incorporated herein as Exhibit B-1. Phase II shall consist of all other remaining Public Improvements as depicted on Exhibit B-1.

3. SECTION 3. SECURITY FOR PROJECT IMPROVEMENTS. Shall be amended as follows:

Exhibit C (Cost Estimate) shall be replaced with a Revised Cost Estimate (Exhibit C-1).

Section 3 shall also be amended by deleting the last sentence and adding the following sentence:

Upon the execution of this Addendum, the Developer will deposit with the office of the Village Engineer good and sufficient security for the completion of all Public Improvements (Phase I and II), as set forth in Section 20.402 of the Subdivision Ordinance (“Security Instrument”).

4. SECTION 4. RECORDATION OF PLAT. Shall be amended by adding the following sentence at the end of the paragraph:

Upon receipt of a fully executed copy of this Addendum and the Security Instrument, the Developer shall record this Addendum against all PINs associated with this Subdivision. The Developer shall provide the Village with verification of recording.

5. SECTION 11. COMPLETION OF PROJECT IMPROVEMENTS. Shall be amended as follows:

The first sentence of paragraph (a) shall be deleted and replaced with the following:

The Developer shall cause the Phase I of the Public Improvements to be completed eighteen (18) months from the date the first permit is issued for Phase I and the Public Improvements for Phase II shall be completed two (2) years from date of final acceptance of the Phase I Public Improvements.

Section (b) shall be amended to delete “seven (7) business days” and replace with “thirty (30) business days”

6. **SECTION 14. SIDEWALKS.** Shall be amended as follows:

The following shall be added to the end of the paragraph:

and in accordance with the phasing plan depicted on Exhibit B-1.

That all prior terms from the Agreement dated September 20, 2006, and subsequent amendments, shall remain in full force and effect.

**VILLAGE OF DOWNERS GROVE
SUBDIVISION IMPROVEMENT AGREEMENT**

THIS AGREEMENT is made and entered into this 20th day of ~~June~~^{Sept} 2006, by and between the VILLAGE OF DOWNERS GROVE, an Illinois municipal corporation ("Village"), Joel Anderson ("Owner") and Joel Anderson Homes, Ltd ("Developer").

WITNESSETH

WHEREAS, the Village is a body politic and corporate, duly organized and existing under the laws of the State of Illinois; and

WHEREAS, the Village may exercise any power and perform any function pertaining to its government by virtue of 65 ILCS 5/1-1 *et seq.*; and

WHEREAS, the Village is a home rule unit under subsection (a) of Section 6 of Article VII of the Illinois Constitution and pursuant to said section, may exercise any power and perform any function pertaining to its government and affairs for the protection of the health, safety, morals and welfare; and

WHEREAS, the Owner is the fee simple title owner of the approximately 4.8 acres of real estate located 5737 Brookbank Road (PIN 09-17-108-015 and described on Exhibit A, attached hereto and made part hereof by this reference (the "Property"); and

WHEREAS, Joel Anderson Homes, Ltd. is the Developer of the project who shall be responsible for subdividing the Property and installing all of the project improvements; and

WHEREAS, the Developer desires to subdivide and develop the Property and has submitted to the Village a Final Plat of Subdivision with exceptions designated as the Nelson Meadow Subdivision (the "Subdivision"); said Plat of Subdivision is on file in the Office of the Village Clerk and is incorporated into this Subdivision Improvement Agreement (hereinafter "Agreement") by this reference, as though fully set forth; and

WHEREAS, the Village is willing to approve the Final Plat of Subdivision provided that this Agreement is signed in order to ensure the completion of certain Project Improvements and compliance with certain other conditions and obligations, as defined herein, in accordance with the Municipal Code of the Village ("Village Codes"), as a condition to the issuance of Building and Occupancy Permits for any building to be constructed on the Property; and

WHEREAS, the definitions found in the Village Codes shall apply to the terms used in this Agreement.

NOW, THEREFORE, in consideration of the foregoing preambles, Ten and 00/100 Dollars (\$10.00), and other good and valuable consideration, the receipt of which is acknowledged, the Village, Owner and Developer agree as follows:

1. INCORPORATION OF PREAMBLE.

The preamble is incorporated herein as if each and every one of its terms were set forth herein.

2. INSTALLATION OF IMPROVEMENTS.

The Developer shall furnish at its own cost and expense all necessary materials, labor, and equipment to complete the improvements required by the Village Codes. These improvements are defined in the Village Subdivision Regulations (Chapter 20 of the Village Codes) and depicted in the final engineering plans (Exhibit B) and may include some or all of the following improvements: streets (public and private), traffic signals, traffic control devices, parking area(s), utilities, sidewalks, street lighting, sanitary sewer system, storm sewers and storm water detention system,

water supply system, soil erosion and sedimentation control, tree preservation, common area landscaping, and all other improvements identified in either the Village Codes or in the ordinances approved by the Village Council in connection with the development (hereinafter collectively designated, "Project Improvements"). All these Project Improvements shall be in accordance with the standards, specifications and requirements of the Village. The Project Improvements are indicated on Exhibit B attached hereto and made a part hereof which has been prepared by C.M. Lavoie and Associates, Incorporated, dated February 16, 2005, last revision 7/21, 2006, who are registered professional engineers.

3. **SECURITY FOR PROJECT IMPROVEMENTS.**

Attached hereto as Exhibit C, is a complete cost estimate prepared by the project engineer, for the construction of the Project Improvements described in Paragraph 2 hereof. Upon the execution of this Agreement, the Developer will deposit with the office of the Village Engineer good and sufficient security for the completion of the Project Improvements as set forth in Section 20.402 of the Subdivision Ordinance ("Security Instrument").

4. **RECORDATION OF PLAT.**

Upon receipt of a fully executed copy of this Agreement and the Security Instrument deemed acceptable to the Village, the Developer/Owner shall record this Agreement and the Final Plat of Subdivision within ninety (90) days of Village Council approval. The Developer shall provide the Village with verification of recording.

5. **REDUCTION OF SECURITY.**

Reduction of security shall be accomplished consistent with the requirements set forth in the Village Codes.

6. **VILLAGE ENGINEER'S APPROVAL.**

All work related to the Project Improvements shall be subject to inspection and approval of the Village Engineer, and his written approval thereof shall be a condition precedent to release of

or reduction of the Security Instrument. The approval provided for in this paragraph shall not constitute final acceptance of any or all of the Project Improvements.

7. REIMBURSEMENT FOR COSTS.

The Developer shall pay to the Village all plan review, inspection and other fees, as required by the Village Codes.

8. INSURANCE.

Prior to commencement of any work provided for herein, Developer and/or its contractor shall furnish the Village with evidence of insurance providing for workmen's compensation and employer's liability insurance, including occupational disease coverage and comprehensive liability insurance to cover said work in the following amounts:

- (a) Workmen's compensation (statutory limits);
- (b) Employer's liability (limits \$1,000,000.00/\$2,000,000.00) including liability for injury or death of Village's employees;
- (c) A minimum of Two Hundred Fifty Thousand and 00/100 Dollars (\$250,000.00) for injury to one person;
- (d) A minimum of Five Hundred Thousand and 00/100 Dollars (\$500,000.00) for injury to more than one person; and
- (e) A minimum of One Hundred Thousand and 00/100 Dollars (\$100,000.00) for property damage.

The above amounts being the minimum for each accident. Said certificates of insurance shall name the Village as an additional insured with respect to construction of the Project Improvements covered by this Agreement.

9. INDEMNIFICATION OF VILLAGE.

The Developer hereby agrees, to the greatest extent permitted under Illinois law, to indemnify and hold harmless the Village, its agents, servants, and employees, and each of them, against all loss, damage, attorney's fees or expenses which they may sustain or become liable for on account of injury or death of persons, or on account for damage to or destruction of property

resulting from the performance of work under this Agreement by the Developer or his contractors or any employee or subcontractor of any of them, or by the Village, its agents, servants, or employees, or due to the condition of the premises or other property of the Developer upon, about, or in connection with which any work incident to the performance of the terms of this Agreement is carried on except for any negligent or willful act or omission by the Village, its agents, servants, employees or contractors.

10. PUBLIC IMPROVEMENTS GUARANTEE

The Developer for the Project Improvements herein specified guarantees that the workmanship and material furnished under the specifications and used in said Project Improvements will be furnished and performed in accordance with well-known, established practice and standards recognized by engineers in the trade. All such Project Improvements shall be new and of the best grade of their respective kinds for the purpose. All materials and workmanship will be guaranteed by the Developer for a period of two (2) years from the date for final acceptance by the Village ("Guarantee Period").

There shall be retained by the Village, under the Security Instrument, an amount equal to twenty percent (20%) of the amount of the Security Instrument as a performance guarantee, as set forth in Section 20.407 of the Subdivision Code.

The Developer shall make or cause to be made, at its own expense, any and all repairs which may become necessary under and by virtue of this performance guarantee, and shall leave the improvement in good and sound condition, satisfactory to the Village and the Village Engineer, at the expiration of the Guarantee Period.

Further, if during said Guarantee Period, the improvement shall, in the opinion of the Village Engineer or Village, require any repairs or renewal which, in his or its judgment are necessitated by reason of settlement of foundation, structure, or backfill, or other defective workmanship of materials, the Developer shall, upon notification by the Village Engineer or

Village of necessity for such repairs or renewals, make such repairs or renewals at its own cost and expense. Should the Developer fail to make repairs or renewals within a reasonable time following written notification, in each case taking into account winter weather conditions, thereof from the Village, or fail to start working within thirty (30) days after such notification, the Village may cause such work to be done, either by contract or otherwise, and the entire cost and expense thereof shall be paid and deducted from the amount retained in the Security Instrument. Should such cost and expense exceed the amount retained or remaining in the Security Instrument, the Developer shall pay such amount of excess to the Village.

11. COMPLETION OF PROJECT IMPROVEMENTS.

(a) The Developer shall cause the Project Improvements to be completed within three (3) years from the date hereof, or, in the alternative, maintain, extend, or substitute the Security Instrument in the full amount provided therein, less any reductions theretofore from time to time approved by the Village, until such time as said Project Improvements are completed. Streets, trees and sidewalks shall be installed from time to time as buildings within the development are completed, subject to winter weather conditions. Developer shall cause its engineers to correct drawings to show work as actually constructed, and said engineers shall turn over original tracings thereof to the Village as and for the Village's property. In the event Developer fails or refuses to cause the extension or substitution of the Security Instrument to be delivered to the Village not less than forty-five (45) days prior to said expiration date, the Village shall have the right, but not the obligation to draw upon the Security Instrument then in force in accordance with the provisions contained therein to complete said Project Improvements.

(b) Upon completion of any Project Improvement and, further, upon the submission to the Village of a certificate from the engineering firm employed by the Developer stating that the said Project Improvements have been completed in conformance with this Agreement, Village ordinances, the final engineering plans and specifications relative thereto, and any applicable

Agreements and all state and federal laws and standards, the Village Engineer shall, within seven (7) business days after the Village receives the aforesaid certification from the Developer's engineer either (i) recommend to the Village's corporate authorities final acceptance of said Project Improvement or (ii) designate in writing to Developer all corrections or alterations which shall be required to obtain a recommendation of final acceptance of said Project Improvement, specifically citing sections of the final engineering plans and specifications, the applicable ordinances or this Agreement, any applicable Agreement or state or federal law or standard, relied upon by said Village Engineer. Should the Village Engineer reject any Project Improvement, or any portion or segment thereof, for a recommendation of final acceptance, the Developer shall cause to be made to such Project Improvement such corrections or modifications as may be required by the Village Engineer. The Developer shall cause the Project Improvements to be submitted and resubmitted as herein provided until the Village Engineer shall recommend final acceptance of same to the corporate authorities of the Village and the corporate authorities shall finally accept same. No Project Improvement shall be deemed to be finally accepted until the corporate authorities shall, by appropriate resolution, finally accept same.

Upon completion and as a condition of final acceptance by the Village, Developer agrees to convey and transfer those improvements, which are deemed by the Village to be public improvements to the Village by appropriate bill(s) of sale.

12. COMPLIANCE WITH LAWS AND ORDINANCES.

Notwithstanding this Agreement, in the event an existing valid ordinance of the Village was overlooked at the date hereof, the Developer, upon notice from the Village, and prior to acceptance of the Project Improvements, shall install or perform the improvement or work so required unless otherwise provided in the documentation referenced in this Agreement; further, any law or ordinance which shall be passed by the Village after the date of this Agreement, which is a law or ordinance directed to life-safety consideration, shall apply to the Property as of the

effective date of said law or ordinance unless a building permit has been issued, in which case work may be completed pursuant to that building permit. However, should the "life-safety" ordinance contain a retroactive clause and an occupancy certificate has not been issued, the building shall be brought into conformance with the retroactive ordinance. All future work for which building permits have not been issued shall comply with said life-safety law or ordinance.

13. LIEN WAIVERS.

The Developer shall furnish the Village with a contractor's affidavit showing all subcontractors and materialmen and lien waivers that all persons who have done work, or have furnished materials under this Agreement, and are entitled to a lien therefor under any laws of the State of Illinois, have been fully paid or are no longer entitled to such lien.

14. SIDEWALKS.

As part of the Subdivision, the Developer agrees to install sidewalk, in accordance with Village standards, along Brookbank Street, Jefferson Street, Nelson Court and Carpenter Street within the subdivision as depicted on the final approved engineering drawings.

15. TREES.

The Developer shall submit and comply with a tree preservation plan indicating the specific methods to be used to preserve and protect the existing black walnut trees located on the adjacent property to the south. Said plan shall be prepared in consultation with a licensed arborist and shall be reviewed and approved by the Village Forester. The Developer shall not be liable for any damage to the trees so long as compliance with the tree preservation plan is adhered to.

The developer shall preserve, protect or remove the existing trees in the Brookbank Street right-of-way as directed by the Village Forester.

16. DETENTION BASIN.

The Developer shall submit a detailed landscape plan for the retaining walls and grading of the detention basin located on Lot 8 of the Subdivision. The plan shall be reviewed and approved

by the Village Forester. Upon approval of the landscape plan, the Developer shall adhere to the terms and conditions of said plan.

17. BUILDING PLAN.

The Developer shall not build a structure upon Lot 8, until a Building Plan for such structure has been reviewed and approved by the Village Manager. If the Village Manager fails to approve a Building Plan for Lot 8, the Developer shall have the option to appeal the Village Manager's decision to the Village Council for approval. It is expressly understood that the review and approval of the Building Plan shall be limited to the proximity of the structure to the detention basin and the grading adjacent to the foundation of the structure.

18. 1117 JEFFERSON STREET.

The Developer shall relocate and reconstruct the portion of the driveway located within the existing right-of-way for the property located at 1117 Jefferson Street, as shown on the approved engineering plans, attached hereto as exhibit B. The driveway shall be reconstructed with similar materials as currently in place at the location. The Developer shall provide the property owners at 1117 Jefferson Street with a minimum of ten (10) days notice of the reconstruction activities. All driveway reconstruction activities shall be completed within five (5) business days, excluding the necessary concrete curing period. All necessary parkway restoration shall be completed within two weeks, weather permitting. Developer shall perform all work in accordance with industry standards and shall not be responsible for any damages that may occur as a result of the Owner's disregard of those standards.

19. FRONT BUILDING LINE:

The Developer shall record a restrictive covenant requiring a minimum front yard setback at thirty-two (32) feet for the properties fronting Carpenter Street and Brookbank Street. All other setbacks shall comply with the Village Municipal Code.

20. OCCUPANCY PERMITS.

It is agreed that no final occupancy permits shall be issued for any building in said subdivision until all Project Improvements required for such building by this Agreement, except for final surface course of roads, sidewalks, and parkway trees have been completed. Parkway trees for a subdivided lot shall be installed at the expense of Developer by the Village Forester (attached as Exhibit D is a summary of the trees to be installed and the costs associated therewith).

Temporary occupancy permits may be issued prior to the completion of any of the Project Improvements when deemed appropriate by the Village in accordance with applicable Village Codes. However, a certificate of occupancy must be obtained within six (6) months from the date of receipt of the temporary occupancy permit. Occupancy permits may be issued for model home facilities used for construction and sale purposes only and not for regular residential habitation prior to the completion of the improvements.

21. MAINTENANCE OF PROJECT IMPROVEMENTS.

The Developer shall be responsible for the maintenance of the Project Improvements until such time as they are accepted by the corporate authorities of the Village. This maintenance shall include routine maintenance as well as emergency maintenance such as sewer blockages and water main breaks. If the Developer fails to maintain the Public Improvements, the Village shall have the right, but not the duty, to undertake such maintenance. Developer hereby agrees to reimburse the Village its costs for the performance of this maintenance or repair upon receipt of an invoice from the Village setting forth said cost to the Village.

22. DAMAGE TO PROJECT IMPROVEMENTS.

Developer shall be responsible for any and all damage to the Project Improvements, which may occur during the construction of the Project irrespective of whether the Project Improvements damaged have or have not been finally accepted hereunder. Developer shall replace and repair damage to the Project Improvements installed within, under or upon the Property resulting from construction activities by Developer, its successors or assigns and its employees, agents,

contractors or subcontractors during the term of this Agreement, but shall not be deemed hereby to have released any other party from liability or obligation in this regard. Developer shall have no obligation with respect to damage resulting from ordinary use, wear and tear occurring after final acceptance.

23. RELEASE OF SECURITY INSTRUMENT.

At the expiration of the Guaranty Period, the amount retained in the Security Instrument, less any and all necessary expenses which have been incurred by the Village in connection with the maintenance of the Project Improvement, other than the ordinary and usual care and maintenance thereof for any improvement of such type and age, shall be released by the Village and the Security Instrument shall be terminated.

24. VILLAGE REMEDIES.

(a) From and after the date on which the Village's Engineer notifies the Developer, in writing, that the Developer is in default of any of its obligations under this Agreement, the Developer shall pay to the Village, upon demand, all of the Village's fees, costs and expenses incurred in enforcing the provisions of this Agreement against Developer, including, without limitation, engineers' and attorneys' fees, costs and expenses, and if any litigation is instituted as part of such enforcement, any court costs and filing fees in addition to the attorneys' fees incurred therein.

(b) The Village shall have the right to pursue any and all remedies at law or in equity against the Developer and/or Owner, including, but not limited to drawing on the Security Instrument, pursuing all remedies at law to recover all costs owed by the Developer, or an action for specific performance of Developer's obligations under this Agreement.

(c) The rights and remedies of the Village as provided herein, in the Village Codes and/or in any agreements between the Village and Developer regarding the Subdivision, shall be cumulative and concurrent, and may be pursued singularly, successively, or together, at the sole

discretion of the Village, and may be exercised as often as occasion thereof shall arise. Failure of the Village, for any period of time or on more than one occasion, to exercise such rights and remedies, shall not constitute a waiver of the right to exercise the same at any time thereafter or in the event of any subsequent default. No act or omission of the Village, including specifically any failure to exercise any right, remedy or recourse, shall be deemed to be a waiver or release of the same; any such waiver or release shall be affected only through a written document executed by the Village and then only to the extent specifically recited therein. A waiver or release with reference to any one event shall not be construed as a waiver or release of any subsequent event or as a bar to any subsequent exercise of the Village's rights or remedies hereunder. Except as otherwise specifically required, notice of the exercise of any right or remedy granted to the Village is not required to be given.

25. BINDING EFFECT.

This Agreement shall be binding upon all parties, their successors, assigns, and grantees.

26. CONTINUITY OF OBLIGATIONS.

(a) This Agreement shall inure to the benefit of and shall be binding upon Developer's and Owner's successors in title, and shall be binding upon the Village and the successor Corporate Authorities of the Village and any successor municipality.

(b) Owner and Developer acknowledge and agree that the obligations assumed by each of them under this Agreement shall be binding upon them respectively and any and all of their respective heirs, successors, and assigns and the successor record owners and/or successor Developers of all or any portion of the Property. For purposes of this section, Developer's obligations shall not be assumed by a purchaser of a single family home, townhome or condominium who is a third party purchaser from owner and/or developer. To assure that such heirs, successors, and assigns have notice of this Agreement and the obligations created by it, Owner and Developer agree:

- (i) that this Agreement shall be recorded with the DuPage County Recorder of Deeds;
- (ii) to require, prior to the transfer of title to all or any portion of the Property, the transferee of said portion of the Property to be bound by the provisions of this Agreement pursuant to the execution of an Assignment and Assumption Agreement (the "Assignment and Assumption Agreement"), said Assignment and Assumption Agreement to be in a form substantially in conformance with Exhibit E attached hereto and made a part hereof. The Village agrees that upon a successor becoming bound to the personal obligations created herein by execution of the Assignment and Assumption Agreement, the personal liability of Owner and/or Developer or other predecessor obligor under this Agreement shall be released to the extent of the successor's interest in the Property. Owner agrees to notify the Village in writing at least thirty (30) days prior to any date upon which Owner transfers a legal or beneficial interest in any portion of the Property to a transferee. Owner or any other predecessor obligor shall, not less than seven (7) business days prior to the effective date of the Assignment and Assumption Agreement becoming enforceable against the Village, provide the Village with a fully executed copy of the hereinabove required Assignment and Assumption Agreement by the transferee to be bound by the provisions of this Agreement. Security previously posted for subdivision improvements by the Owner and/or Developer or other predecessor obligor, shall not be released by the Village until a suitable substitute is provided by the successor and is accepted in writing by the Village. In the event any transferee or Owner or Developer requires proof that a particular provision of this Agreement has been satisfied, the Village agrees to issue a written statement as to which provisions of this Agreement, if any, have been satisfied.

(c) All the terms and conditions of this Agreement shall constitute covenants running with the land.

27. AMENDMENTS.

All amendments to this Agreement shall be in writing and approved by the Mayor and Village Council. Village ordinance provisions in effect at the time of the request for amendment shall apply, unless otherwise expressly specified.

28. COUNTERPARTS.

This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, and all of which, when taken together, shall constitute one Agreement.

29. GOVERNING LAW.

This Agreement shall be interpreted and construed in accordance with laws of the State of Illinois.

30. NOTICES.

All Notices hereunder shall be in writing and must be served either personally or by registered or certified mail to:

- (a) The Village at: Village Manager
Village of Downers Grove
801 Burlington Avenue
Downers Grove, Illinois 60515-4776;
- (b) Developer at: Joel Anderson Homes, Ltd
c/o James Russ, Esq.
Wiedel, Hudzik, Russ & Phillip
4915 Main Street
Downers Grove, IL 60515
- (c) Owner at: Joel Anderson
c/o James Russ, Esq.
Wiedel, Hudzik, Russ & Phillip
4915 Main Street
Downers Grove, IL 60515

IN WITNESS WHEREOF, the Village has caused this Agreement to be executed by its Mayor and

attested by its Clerk as of the date first above written.

NOTICE OF PUBLIC HEARING

The following is a notice of public hearing on the proposed subdivision of land in Nelson Meadow, located in the City of Brookbank, Michigan. The hearing will be held on the 15th day of November, 2011, at 7:00 p.m. at the Brookbank City Hall, 10000 Brookbank Road, Brookbank, Michigan 48015.

The proposed subdivision consists of 10 lots, each approximately 1/4 acre in area. The lots are bounded by Brookbank Road to the north, Carpenter Street to the south, and Jefferson Avenue to the west. The subdivision is shown on the attached plat.

The following information is provided for your information:

- 1. The proposed subdivision is shown on the attached plat.
- 2. The proposed subdivision is shown on the attached plat.
- 3. The proposed subdivision is shown on the attached plat.
- 4. The proposed subdivision is shown on the attached plat.
- 5. The proposed subdivision is shown on the attached plat.
- 6. The proposed subdivision is shown on the attached plat.
- 7. The proposed subdivision is shown on the attached plat.
- 8. The proposed subdivision is shown on the attached plat.
- 9. The proposed subdivision is shown on the attached plat.
- 10. The proposed subdivision is shown on the attached plat.

If you have any questions or concerns regarding the proposed subdivision, please contact the Brookbank City Planning Department at (588) 888-8888.

**CROSS SECTION H
(DRY POND WITH UNDERGROUND WATERMAIN)**

Scale:
Horizontal: 1" = 40'
Vertical: 1" = 4'

1. The location of the proposed detention pond is shown on the site plan. The pond is to be located on the east side of the site, adjacent to the existing watermain. The pond is to be constructed of concrete and will have a capacity of 1,000,000 gallons. The pond is to be constructed in accordance with the requirements of the International Building Code, 2003 Edition, and the requirements of the local health department. The pond is to be constructed in accordance with the requirements of the local health department. The pond is to be constructed in accordance with the requirements of the local health department.

△ RETAIN WALL AND DETENTION POND SHALL BE AS SHOWN ON THE ATTACHED DRAWING. THE DETENTION POND SHALL BE CONSTRUCTED IN ACCORDANCE WITH THE REQUIREMENTS OF THE LOCAL HEALTH DEPARTMENT. THE DETENTION POND SHALL BE CONSTRUCTED IN ACCORDANCE WITH THE REQUIREMENTS OF THE LOCAL HEALTH DEPARTMENT.

Exhibit D - Parkway Tree Summary

**VILLAGE OF DOWNERS GROVE
INTEROFFICE MEMORANDUM**

DATE: April 17, 2006
TO: Plan Review Team
FROM: Kerstin G. von der Heide, Village Forester
SUBJECT: Nelson Meadow Subdivision parkway trees

The number of parkway trees required is 34. Tree costs have been calculated based on 2007 Suburban Tree Consortium prices plus an administrative charge, and are listed below.

<u>Species (size 2" B&B)</u>	<u>Quantity</u>	<u>Unit Cost</u>	<u>Extended Cost</u>
Freeman Maple	7	\$287.40	\$2011.80
Pear	7	\$270.60	\$1894.20
Hackberry	7	\$275.40	\$1927.80
Honeylocust	7	\$268.20	\$1877.40
Swamp White Oak	6	\$300.60	<u>\$1803.60</u>
Total Cost			\$9514.80

Subject to availability and planting season, the Forestry Division may choose to substitute other appropriate tree species for approximately the same cost.

EXHIBIT E

ASSIGNMENT AND ASSUMPTION AGREEMENT

THIS ASSIGNMENT AND ASSUMPTION AGREEMENT is dated as of _____, 20____, and is entered into between _____ a
____ ("Assignor") and _____ a
("Assignee").

WHEREAS, the Village of Downers Grove and _____ ("Owner")
and _____ ("Developer") entered into the _____ Subdivision
Improvement Agreement, dated _____, 20____, (as it may be amended, modified or
supplemented from time to time, the "Agreement"), regarding the real property or a portion of the
real property described on the attached Exhibit A, which Agreement was recorded by the DuPage
County Recorder of Deeds on _____, 20____, as Document No. _____; and

WHEREAS, Assignor became a party to the Agreement pursuant to an Assignment and
Assumption Agreement dated as of _____, 20____, which Assignment and Assumption Agreement
was recorded by the DuPage County Recorder of Deeds on _____, 20____, as Document No.
____; and

WHEREAS, Assignor desires to assign all or a portion of its right, title and interest in and
to the Agreement to Assignee and Assignee desires to accept said assignment and assume all or a
portion of Assignor's liabilities and obligations related to or arising under the Agreement.

NOW, THEREFORE, in consideration of \$10.00 and other good and valuable
consideration, the receipt and sufficiency of which are hereby acknowledged, (a) Assignor does
hereby assign, transfer, and convey unto Assignee all or the portion as set forth in Exhibit A hereto,
of Assignor's right, title and interest in and to the Agreement and any benefits hereafter derived

thereunder and (b) Assignee does unconditionally hereby assume and promise to pay and perform in full, from and after 12:01 a.m. on the date first written above, all, or the portion as set forth in Exhibit A hereto, of the obligations and liabilities of Assignor related to or arising under the Agreement.

This Agreement shall be governed by the laws of the State of Illinois.

IN WITNESS WHEREOF, this Assignment and Assumption Agreement is executed as of the date first written above.
