RECOMMENDATION

Approval on September 13, 2011 active agenda.

BACKGROUND

The petitioner is requesting abrogation of an existing ten-foot wide watermain easement. The request will allow construction of a Chase Bank building located at 6241 Main Street at the northeast corner of 63rd and Main Streets.

On April 12, 2011, the Village Council approved a special use for redevelopment of the property at 6241 Main Street for a Chase Bank building. The new bank building with four-drive through lanes will replace the existing vacant service station.

The property owner is preparing construction documents for redevelopment of the property. As part of these documents, the applicant is requesting that the Village abrogate (eliminate) the existing ten-foot wide watermain easement running north-south and east-west near the middle of the site. The existing infrastructure is in the adjacent rights-of-way. Further, no water utility structures are located in the easement. Adequate space exists in the adjacent right-of-ways for any future watermain structures.

The Village has determined that abrogation of the existing easement will not adversely affect the Village and that any future watermain needs can be adequately serviced in the adjacent 63rd or Main Street right-of-ways.
