SYNOPSIS

A resolution has been prepared authorizing execution of 12-month license agreement renewal with SADA of North Hollywood, CA, for use of Google Apps for Government in the amount of \$24,780.

STRATEGIC PLAN ALIGNMENT

The goals for 2011-2018 include *Continual Innovation*.

FISCAL IMPACT

The FY13 General Fund Budget includes \$24,500 for 2013 renewal.

RECOMMENDATION

Approval on the June 18, 2013 Consent Agenda.

BACKGROUND

In March 2012, the Village migrated to Google Apps for Government. Google Apps for Government has offered the following benefits over Microsoft Exchange.

- Improved search capabilities, especially for email searches in response to Freedom of Information Act (FOIA) requests
- Full complement of office-based software programs that offer enhanced features related to document sharing and collaboration in an online environment
- Access to cloud-based software programs via the Internet, which reduces costs associated with hardware, software and labor.
- Significantly lower total cost of ownership (TCO) over a five-year period as compared with the alternative of upgrading and/or maintaining the existing software programs.

In evaluating the usage of Google Apps for Government, this migration is believed to have met these goals. A higher level of sharing and collaboration among Village staff members has helped the Village improve its operations.

Staff training was offered throughout the year, helping Village employees go through the migration process with limited interruption in their daily work.
