#### VILLAGE OF DOWNERS GROVE Report for the Village Council Meeting 6/6/2017

SUBJECT:	SUBMITTED BY:	
Historic Landmark - 5325 Fairmount Avenue	Stan Popovich, AICP Director of Community Development	

#### **SYNOPSIS**

A Historic Landmark Designation Resolution has been prepared to designate the house at 5325 Fairmount Avenue a historic landmark

#### STRATEGIC PLAN ALIGNMENT

The goals for 2015-2017 include Steward of Financial, Environmental and Neighborhood Sustainability.

#### **FISCAL IMPACT**

N/A

#### RECOMMENDATION

Approval on the June 13, 2017 active agenda per the unanimous 7:0 recommendation of the Architectural Design Review Board. The ADRB found that the proposed landmark meets the landmark designation criteria found in Section 12.302 of the Historic Preservation Ordinance.

#### **BACKGROUND**

The petitioners are seeking a Historic Landmark Designation for their property at 5325 Fairmount Avenue under criteria 12.302.B.3 of the Historic Preservation Ordinance: representation of distinguishing characteristics of an architectural style. The one-story Bungalow house was constructed around 1926.

#### **Existing House**

The bungalow architectural style was a dominant building form in Downers Grove commonly built from 1890 to 1930. The general architectural term refers to low houses with a porch derived from a Hindi word meaning "bangle." They can also feature different architectural styles. For example, the Craftsman Bungalow may have wood clapboard siding and exposed roof rafters; Prairie style Bungalows may have wide eaves and stucco cladding; and the Chicago Bungalow is entirely constructed in brick. They typically are one-and-one-half stories in height, have a gently pitched gable or hip roof, and have full or partial front porches.

The circa 1926 building is one story in height with gables on each street elevation and wide eaves. The southern elevation has two gables. The gables are "clipped" and are also referred to as a "Jerkinhead" gable. A front porch is evident on the west elevation which is considered the primary front entrance. Multiple

RES 2017-7383 Page 2 of 21

double-hung windows are present on each street elevation.

Many of the original interior features are still present including the lead glass windows, built-ins, doors and hardware. The applicant states that in 1956 a rear addition was added to the house and it is believed the current cedar siding was also installed at that time. The window awnings are relatively new. Although the garage is not included in the scope of the landmarking, it also features Jerkinhead gables.

#### Analysis of Significance

The proposal complies with the following criteria for Landmark Designation: Section 12.302.A and 12.302.B.3. The house was constructed circa 1926 and is thus over 50 years of age as required by Section 12.302.A. The property must meet one of the criteria noted in 12.302.B and does meet criteria 12.302.B.3 as the house represents the distinguishing characteristics of bungalow architectural style. The home is one story in height with gables on each street elevation, a partial front porch, and interior features as described above in the project description

#### **PROJECT DESCRIPTION**

The petitioners are seeking a Historic Landmark Designation for their property at 5325 Fairmount Avenue under criteria 12.302.B.3 of the Historic Preservation Ordinance: representation of distinguishing characteristics of an architectural style. The bungalow was constructed circa 1926.

The bungalow architectural style was one of dominant building forms in Downers Grove commonly built from 1890 to 1930. The general architectural term refers to low houses with a porch derived from a Hindi word meaning "bangle." They can also feature different architectural styles. They typically are one to one-and-one-half stories in height, have a gently pitched gable or hip roof, and have full or partial front porches. The different styles have other features: the Craftsman may have wood clapboard siding and exposed roof rafters; Prairie style may have wide eaves and stucco cladding; and the Chicago Bungalow is entirely constructed in brick.

The property at 5325 Fairmount Avenue is on a corner lot and is one story in height with gables on each street elevation and wide eaves. The southern elevation has two gables. It is interesting to note the gables are "clipped" also referred to as a "Jerkinhead" gable. A front porch is evident on the west elevation which is considered the primary front entrance. Many of the original interior features are still present. Multiple double-hung windows are present on each street elevation.

The lead glass windows, built-ins, doors and hardware are original. The applicant states that in 1956 a rear addition was added to the house and it is believed the current cedar siding was also installed at that time. The window awnings are relatively new. Although the garage is not included in the scope of the landmarking, it also features clipped gables.

#### COMPLIANCE WITH HISTORIC PRESERVATION ORDINANCE

The petitioner has outlined the request in the attached narrative letter and photographs. The petitioner will further address the proposal and justification to support the requested landmark designation at the public hearing.

Landmark designations require evaluation based on Section 12.302 of the Historic Preservation Ordinance, *Landmark Designation Criteria*. Staff finds the request complies with Section 12.302A and Section 12.302B, as described below.

#### Section 12.302.A.

The proposed landmark is either over fifty (50) years old; in whole or in part or is under fifty (50) years of age and possesses exceptional importance such as might be recognized immediately for its reflection of an extraordinary political event or architectural innovation; and

The house was constructed around 1926. This standard is met.

#### **Section 12.302.B**

That one or more of the following conditions exist:

- 1. The property has significant value as part of the historic, heritage or cultural characteristics of the community, county, State or Nation;
  - This criteria does not apply.
- 2. The property was owned by a person or persons of historic significance to the community, county, State or Nation;

This criteria does not apply.

Page 3

3. The property represents the distinguishing characteristics of an architectural period, style, type, method of construction or use of indigenous materials;

Staff finds the property represents the distinguishing characteristics of a bungalow. These features include a one-story building with a front porch and low pitched gables. This criteria is met.

- 4. The property represents notable work of a master builder, designer, architect or artist whose individual work has influenced the development of the community, county, State or Nation; This criteria does not apply.
- 5. An area that has yielded or may be likely to yield, information important in history or prehistory.

This criteria does not apply.

6. A source of civic pride or identity for the community.

This criteria does not apply.

7. The property is included in the National Register of Historic Places.

This criteria does not apply.

#### **NEIGHBORHOOD COMMENT**

Staff has not received any neighborhood comments regarding the proposal at this time.

#### RECOMMENDATIONS

Staff finds the petition complies with the criteria in Section 12.302 for Landmark Designation. Based on the findings above, staff recommends the Architectural Design Review Board make a positive recommendation to the Village Council for landmark status of 5325 Fairmount Avenue.

## Historic Landmark Project Summary/Narrative Letter

Owners: Laurence and Gloria Gassen Applicants: David and Amy Gassen

We respectfully request that the house located at 5325 Fairmount (which was recently purchased by Laurence and Gloria Gassen) be designated a Downers Grove Historic Landmark.

After researching the property tax records we believe the house was built in 1926. The records indicate that the property was assessed under the name of Alfred A. Straube and that Frank A. Rogers was paying the taxes. In addition to the property tax records, we have also obtained the 1933 Sanborn map which shows the house and the surrounding houses that existed at that time. From this map we can see that only the front (west) portion of the house existed; however an addition was added to the east (rear) portion of the house in 1956.

The house represents the distinguishing characteristics of a bungalow. The term "bungalow" is derived from the Hindi word "bangle" meaning a low house with a porch. Bungalows were built throughout the United States from 1890 to 1930 and are one of the dominant building forms found in Downers Grove. A bungalow can be defined as a one to one-and-a-half story house with a low-pitched gable or hip roof and wide eaves. 5325 Fairmount Avenue is a one-story bungalow and includes a low-pitched jerkinhead (clipped) gable roof with wide eaves.

Many of the original architectural features of the home are still present; including lead glass windows, built-ins, doors and hardware. Based on the architectural drawings of the 1956 addition, we believe the current cedar siding was added at that time and we have not determined what the original cladding was. We know from speaking with one of the previous owners that the awnings located above the windows on the west and south elevations are relatively recent additions.

5325 Fairmount Avenue is an excellent example of the bungalow house type with many of its original features still intact. Adding it to the list of local Historic Landmarks will ensure that it is preserved in the future.

A. 17-ADR-0004: A petition seeking a Historic Landmark Designation for the property commonly known as 5325 Fairmount Avenue, Downers Grove, IL (PIN 09-08-408-017). The property is located at the northeast corner of Summit Street and Fairmount Avenue. David and Amy Gassen, Petitioner; Laurence and Gloria Gassen, Owner. Village Planner Scott Williams noted the location of this circa 1926 Bungalow home. Petitioners were seeking landmark designation because the home represented distinguishing characteristics of the bungalow architectural style. The current plat of survey was referenced, as was the 1933 Sanborn map reflecting the home and another structure.

Mr. Williams reported that the bungalow architectural style was a common style in the village constructed between 1890 to 1930. Details of its style followed. Noting the clipped gables, Mr. Williams stated they are sometimes called Jerkinhead gables. Many of interior features of the home exist, including lead windows, built-in cabinets and the original front door.

Staff recommended approval of the landmark request, noting the home was constructed circa 1926 and embodies the characteristics of the bungalow style home.

No questions from the board members. The chairman invited the petitioner to speak.

Ms. Amy Gassen introduced herself along with her husband, Dave Gassen, 5320 Benton Avenue and summarized she were seeking landmark status for 5325 Fairmont on behalf of her in-laws, Larry and Gloria Gassen. This was the first bungalow landmark application for the village. Ms. Gassen discussed the style details of the bungalow and described some of the history behind bungalow homes in the Village of Downers Grove. She noted specifically that bungalows are considered a "form" and different styles can be applied to it. Bungalows can be defined as a one- to one-and a half story house with a low pitched gable or hipped roof and wide eaves.

5235 Fairmont Avenue is a one-story bungalow and includes a low pitched Jerkinhead, or clipped, gable roof with wide eaves. Ms. Gassen stated that because the definition of bungalow can be quite broad, they can be varied in their massing and detailing. Because her in-laws purchased the home fairly recently, research on the home's history had not been completed. Instead, Ms. Gassen explained the building's more recent history: In 2015 the home was sold to a builder as a tear-down. The home sat around the corner from her house and she and her husband referred to it as the "green cottage." Fortunately, the builder decided to rent the home until a purchaser was found. She believed the home was ideal for her in-laws and inquired if the builder was interested in selling the home, which, he did.

Ms. Gassen shared that she and her mother-in-law walked through the home and recollected the interior floor plan for her husband, who eventually created various options for the home. Her in-laws closed on the property in March 2017 but tenants current live in the home. Ms. Gassen indicated that renovations will take place but the overall footprint will remain the same. The property tax assessment freeze will be pursued with this home.

Per Ms. Gassen, the Illinois Historic Preservation Agency reviewed the plans for the home and made some suggestions but believed it will be a good candidate for the program.

RES 2017-7383 Page 20 of 21

Ms. Gassen intends to update the board on the home's application progress and if the home is approved for the tax freeze program she will share the experience with the board in case other residents want to take advantage of the program.

Mr. Dave Gassen walked through a slide presentation of the home's current conditions, noting an addition that was added during the 1950s and further discussed future renovations for the home.

Ms. Gassen continued, summarizing that this home was a "first" in many regards: 1) it was the first bungalow to be seeking landmark status; 2) it was the first home to be landmarked that was owned by a builder but then saved; and 3) her in-laws were the first to landmark their home prior to living in it. She commended them for going through the process and being committed to protecting it for the future.

Lastly, Ms. Gassen extended her appreciation to all those who helped her with the designation: the builder who was willing to sell the home, the renters, for allowing her to tour the home several times, the previous owner, for providing information to her about the home, and finally her in-laws, for saving the home.

Dialog/comments from the members included their appreciation for saving the home; the narrow size of the lot (50' x 130'); the break in precedence by having a different style of home being landmarked; the fact that the owners were going through the tax freeze process; and whether the applicants would be willing to return to the ADRB to share their experience about the tax freeze program. Additional questions followed if the applicant knew where the original bedrooms were located in the home. Discussion followed on the 1950's addition.

The chairman invited the public to speak.

Mr. Rich Kulovany, 6825 Camden, Downers Grove, was pleased to see that the home was being saved from the landfill, especially after a builder had owned it. He asked that the residents of historic homes try to put them on the market first and not sell them to the builders because the builders were not offering full market value. He commented on how the IHPA wants owners to preserve the interior of their historic home versus just preserving the exterior which was the difference in getting the 8-year tax assessment freeze. Mr. Kulovany was pleased to see the home being considered, noting it was also nice to retain the mix in housing stock.

Hearing no further comments, the chairman closed the public hearing and entertained a motion.

WITH RESPECT TO FILE 17-ADR-004, MS. ACKS MADE A MOTION THAT THE ADRB FORWARD A POSITIVE RECOMMENDATION TO THE VILLAGE COUNCIL TO RECOMMEND HISTORICAL LANDMARK DESIGNATION FOR THE PROPERTY AT 5325 FAIRMOUNT AVENUE IN DOWNERS GROVE.

MS. HOLLWECK SECONDED THE MOTION. ROLL CALL:
